The managers of United Choice Portfolios (the “**Fund**”), UOB Asset Management Ltd, (the “**Managers**”), accept full responsibility for the accuracy of the information contained in this Prospectus and confirm, having made all reasonable enquiries, that to the best of their knowledge and belief, this Prospectus contains all information with respect to the Fund which is material in the context of the offer of units of the Sub-Funds under the Fund hereunder and the statements contained in this Prospectus are in every material respect true and accurate and not false or misleading and there are no other facts the omission of which would make any statement in this Prospectus misleading. Investors should consult the relevant provisions of the Deed and obtain professional advice in the event of any doubt or ambiguity relating thereto.

Potential investors should seek professional advice to ascertain (a) the possible tax consequences, (b) the legal requirements and (c) any foreign exchange transactions or exchange control requirements which they may encounter under the laws of the countries of their citizenship, residence, domicile and which may be relevant to the subscription, holding or disposal of units in the United Asian Bond Fund, the United E-Commerce Fund and the United Sure Fund (collectively referred to as the “**Sub-Funds**” and each a “**Sub-Fund**”).

Investment in the Sub-Funds requires consideration of the normal risks involved in investing and participating in collective investment schemes. Investors should carefully consider the risks of investing in the Sub-Funds which are set out in Part VIII of this Prospectus. Investors should consider these risks carefully before making an investment decision. Investors should note that because their investments can be volatile and that the value of the Units may decline as well as appreciate, there can be no assurance that the Sub-Funds will be able to attain their objectives. The price of the Units as well as income from them may go up as well as down to reflect changes in the value of the Sub-Funds. Investors should also satisfy themselves of the suitability to them of an investment in the Sub-Funds based on their personal circumstances.

No person, other than the Managers, has been authorised to issue any advertisement or to give any information, or to make any representations in connection with the offering, subscription or sale of the Units, other than those contained in this Prospectus and, if issued, given or made, such advertisement, information or representation must not be relied upon as having been authorised by the Managers.

VI. INVESTMENT OBJECTIVES, FOCUS AND APPROACH

14. Investment Objectives

14.1 United Asian Bond Fund

The United Asian Bond Fund seeks to provide stable current income and capital appreciation by investing in debt securities issued by Asian corporations, financial institutions, governments and their agencies (including money market instruments). The Asian countries which the Sub-Fund will invest in include but are not limited to Singapore, Malaysia, Thailand, Indonesia, Philippines, Hong Kong SAR, South Korea, Taiwan, China, Australia, New Zealand and Japan.

14.2 United E-Commerce Fund

The United E-Commerce Fund seeks to provide long-term capital growth by investing primarily in common stocks and/or securities convertible into common stocks of equities traded in Recognised Stock Exchanges¹ around the world that are engaged in or are best positioned to benefit from their involvement in or support of e-commerce as may from time to time be determined by the Managers.

14.3 United Sure Fund

The United Sure Fund seeks to offer investors a source of income and capital appreciation by investing in a globally diversified portfolio of equity securities of companies that offer attractive dividend yields, combined with sound operating fundamentals, and consistent earnings growth. It is the Sub-Fund’s objective to make distributions on a regular basis (semi-annual) to the Holders.

¹ “**Recognised Stock Exchange**” means any stock exchange of repute and in relation to any particular Investment shall be deemed to include any responsible market maker and authorised dealer in the market in which the Investment is traded and any over the counter or electronic or telephone market of repute and any responsible firm, corporation or association in any part of the world dealing in the Investment and any responsible mutual fund or subsidiary thereof or unit trust scheme issuing and redeeming participations or Units (as the case may be) so as to provide in the opinion of the Managers with the approval of the Trustee a satisfactory market for the Investment and in such a case the Investment shall be deemed to be the subject of an effective permission to deal or listing on a Recognised Stock Exchange deemed to be constituted by such person, firm, corporation, association, mutual fund, subsidiary thereof or unit trust scheme.

15. Authorised Investments

The authorised investments of the Sub-Funds (“**Authorised Investments**”) are any of the following Investments²:-

- (a) any Investment which is of a kind in which trustees are for the time being authorised by any written law for the time being in force to invest in trust funds; or
- (b) any Quoted Investment³ which is selected by the Managers for the purpose of investment of the Deposited Property⁴ of the relevant Sub-Fund; or
- (c) any Investment in respect of which application for listing or for permission to deal has been made to a Recognised Stock Exchange and the subscription for or purchase of which is either conditional upon such listing or permission to deal being granted within a specified period not exceeding 12 weeks (or such other period as may be agreed between the Managers and the Trustee) or in respect of which the Managers are satisfied that the subscription or other transactions will be cancelled if the application is refused; or
- (d) any Investment which is a unit in any unit trust scheme or a participation in a mutual fund; or
- (e) any Unquoted Investment⁵ which is selected by the Managers for the purpose of investment of the Deposited Property of the relevant Sub-Fund; or
- (f) any Investment which is not covered by paragraphs (a) to (e) of this paragraph 15 but is selected by the Managers for the purpose of investment of the Deposited Property of the relevant Sub-Fund and approved by the Trustee,

² “**Investment**” means any share, stock, bond, note, debenture, debenture stock, loan, loan stock, repurchase agreements, warrant, option, futures, certificate of deposit, commercial paper, promissory notes, treasury bill, fixed and floating rate instrument, unit or sub-unit in any unit trust scheme, participation in a mutual fund or similar scheme or other securities (as defined in the SFA) or any money market instrument or derivative or any other securities which may be selected by the Managers for the purpose of investment of the Deposited Property of the Fund or any Sub-Fund or which may for the time being form part thereof.

³ “**Quoted Investments**” means any Investments which are quoted or listed or in respect of which permission to deal is effective on a Recognised Stock Exchange.

⁴ “**Deposited Property**” means all the assets (cash and other property) for the time being held or deemed to be held upon the trust of the Deed (or if the context so requires, the part thereof attributable to a Sub-Fund), excluding any amount for the time being standing to the credit of the Distribution Account (or as the case may be, the Distribution Account of the relevant Sub-Fund) referred to in Clause 11(A) of the Deed.

⁵ “**Unquoted Investment**” means any Investment which is not quoted, listed or dealt in on any Recognised Stock Exchange.

Provided Always That if such Sub-Fund shall be approved pursuant to the CPFIS Regulations⁶, the Authorised Investments of that Sub-Fund shall not include any Investment except such Investment for the time being approved by the relevant authorities in Singapore for investment by members of the CPF⁷ pursuant to the CPFIS Regulations or for investment by that Sub-Fund to enable that Sub-Fund to qualify as an approved unit trust for investment by members of the CPF pursuant to the CPFIS Regulations.

16. Investment Focus and Approach

16.1 United Asian Bond Fund

The Sub-Fund is actively managed with a focus on yield at an acceptable risk premium. There is no bias towards sovereign or corporate bonds. The emphasis is on the credit spread as the main source of incremental return. Credit analysis and credit diversification by the Managers are important as a source of added value and to reduce unsystematic risks inherent in such investments respectively.

The Managers' investment style is based on the probability of credit upgrades and the extent to which the pricing has been reflected in the credit in question. The Sub-Fund's portfolio of investments will be reviewed regularly so as to enable the Sub-Fund to switch out of overvalued securities to undervalued securities. A long term view is taken when assessing an investment opportunity. At the same time, the Managers recognise that Asian markets are subject to greater volatility than developed markets and may therefore require a greater level of trading than originally envisaged. The Managers' policy generally is to have the Sub-Fund fully invested save where there is overwhelming evidence to suggest that markets are excessively overvalued.

16.2 United E-Commerce Fund

Using a bottom-up approach, the Sub-Fund will invest in securities issued by companies in any part of the world which will, in the Managers' opinion, benefit from the growth and adoption of e-commerce. These companies include (a) companies that provide or enable the provision of e-commerce infrastructure; (b) companies that conduct their businesses fully or partially through the online medium and from which they derive a competitive advantage; and (c) companies whose products or services benefit from e-commerce.

The majority of the companies in the investment universe of the Sub-Fund will come from the technology, telecommunication and media (including dot.com) sectors. However, companies from other sectors will be included if they fit into the Managers' investment criteria stated above.

⁶ "CPFIS Regulations" means the Central Provident Fund (Investment Scheme) Regulations as the same may be modified amended, supplemented, re-enacted or re-constituted from time to time.

⁷ "CPF" means Central Provident Fund.

16.3 United Sure Fund

Companies in which the Sub-Fund invests are selected based on a number of criteria including: above average dividend yield, good management, sound fundamentals, consistent profitability and earnings growth prospects. This combination should ensure the regular payment of dividends as well as the potential for capital appreciation. Due to the emphasis on dividend and quality, the Sub-Fund is likely to possess below - average exposure in low yielding countries and low yielding sectors. Hence, absolute volatility and downside risk should be relatively lower for the Sub-Fund.

However, there may be less room for price performance in an environment where investors are oriented towards growth investing strategies. This is mainly due to the fact that this Sub-Fund tends to avoid sectors like technology due to its lower yield characteristics. Consequently, the Sub-Fund may not track the global equities index as closely as more “mainstream” global benchmark equities products. The lower correlation with “mainstream” global funds and lower volatility of the product offers diversification advantages. The Managers adopt a bottom-up approach, leveraging on their established Global Research capability to optimise the portfolio to best meet its stated objectives. On this basis, the portfolio of the Sub-Fund comprises mostly “value” stocks which have high dividend yield and price performance potential. The Managers will realise the Investments of the Sub-Fund when, in the Managers’ opinion, a fair value is reached or when better investment alternatives present themselves.

VII. FEES & CHARGES

17. All fees and charges that are payable by the investors and payable out of the Sub-Funds are outlined in the following tables:-

17.1

Payable by Investors			
	United Asian Bond Fund	United E-Commerce Fund	United Sure Fund
Subscription Fee	Currently 3%, Maximum 5%	Currently 5%, Maximum 5%	Currently 5%, Maximum 5%
Realisation Charge	Currently none, Maximum 2%		
Switching Fee⁸			

⁸ In the case of a switch of Units between the Sub-Funds, presently there is no switching fee involved. In the case of a switch of Units to units of any other fund managed by the Managers (referred to as “**New Units**” and “**New Fund**” respectively), the switching fee referred to relates to the 1% subscription fee imposed by the Managers for investment into the New Fund. Such 1% switching fee would, in the case of a New Fund which normally imposes a subscription fee of more than 1%, effectively translate to a discount of the subscription fee of the New Fund.

Payable out of the relevant Sub-Fund to the Managers, the Trustee and other parties			
	United Asian Bond Fund	United E-Commerce Fund	United Sure Fund
Annual Management Fee	Currently 1.0%, Maximum 1.75%	Currently 1.5%, Maximum 1.75%	Currently 1.5%, Maximum 1.75%
Annual Trustee Fee⁹	Currently 0.05% on the first S\$30 million of the net asset value of the relevant Sub-Fund; 0.04% on the next S\$20 million; 0.03% on the balance thereafter (subject to a maximum of S\$60,000)		Currently 0.05%, Maximum 0.20%
Annual Registrar Fee (payable to the Managers or their agents)	Based on a tiered structure ¹⁰		
Audit Fee¹¹ (payable to the Auditors), Custodian Fee¹² (payable to the custodian) and other fees and charges¹³	Subject to agreement with the relevant parties. Each fee may exceed 0.1% p.a. depending on the proportion that each fee bears to the net asset value of the Sub-Fund.		

⁹ The Trustee's fees for United Asian Bond Fund and United E-Commerce Fund are paid by the Managers out of the Management Fee and not out of the Deposited Property of the respective Sub-Funds. The Trustee shall, in addition to such remuneration, be entitled to be paid on demand out of the Deposited Property of the relevant Sub-Fund, an amount equal to disbursements properly incurred by it in the performance of its duties under the Deed.

¹⁰ Based on the following tiers (calculated on the net asset value of each Sub-Fund):-

- (i) Less than S\$5,000,000 = no charge
- (ii) Between S\$5,000,000 to below S\$10,000,000 = S\$6,000
- (iii) Between S\$10,000,000 to below S\$25,000,000 = S\$10,000
- (iv) Between S\$25,000,000 to below S\$50,000,000 = S\$15,000
- (v) Between S\$50,000,000 to below S\$100,000,000 = S\$30,000
- (vi) S\$100,000,000 and above = S\$60,000

Based on the net asset value of each Sub-Fund as at 30 April 2009, the Managers anticipate that:

For United Sure Fund, other expenses for the current financial year (on the assumption that such fee would be similar to that incurred in the previous financial year) would exceed 0.1% of the net asset value of the relevant Sub-Fund.

For United Asian Bond Fund, other expenses for the current financial year (on the assumption that such fee would be similar to that incurred in the previous financial year) would exceed 0.1% of the net asset value of the relevant Sub-Fund.

For United E-commerce Fund, audit fee, registrar fee, other expenses and goods and services tax for the current financial year (on the assumption that such fee would be similar to that incurred in the previous financial year) would exceed 0.1% of the net asset value of the relevant Sub-Fund.

- ¹¹ The audit fee payable is subject to agreement with the auditors of the relevant Sub-Fund for each financial year.
- ¹² The custodian fee payable is subject to agreement with the custodian and will depend, amongst others, on the size of each Sub-Fund, where the assets are held, the number of transactions carried out and the place at which such transactions are effected in relation to the relevant Sub-Fund. Based on the net asset value of each Sub-Fund as at 30 April 2009, the Managers anticipate that United Sure Fund and United E-Commerce Fund's custodian fees for the current financial year (on the assumption that such fees would be similar to that incurred in the previous financial year) would exceed 0.1% of the net asset value of such Sub-Fund.
- ¹³ Other fees and charges include goods and services tax, printing costs, fund administration fees, professional fees and other out-of-pocket expenses. Based on the net asset value of the relevant Sub-Fund as at 30 April 2009, the Managers anticipate that the goods and services tax for United Sure Fund for the current financial year (on the assumption that such fees and charges would be similar to that incurred in the previous financial year) would exceed 0.1% of the net asset value of the relevant Sub-Fund.

As required by the Code on Collective Investment Schemes issued by the Authority (the "Code"), all marketing, promotional and advertising expenses in relation to each Sub-Fund will be borne by the Managers and not charged to the Deposited Property of such Sub-Fund.

VIII. RISKS

18. General Risks

Investors should consider and satisfy themselves as to the risks of investing in the Sub-Funds. Generally, some of the risk factors that should be considered by investors are market risks, interest-rate risks, default risks, foreign exchange risks, liquidity risks and risks involved in investing in derivatives. The Sub-Funds' investments may be adversely affected by changes in policies and other restrictions and controls in foreign countries as well as political instability.

Investment in the Sub-Funds is meant to produce returns over the long-term and investors should not expect to obtain short-term gains from such investment.

Investors should be aware that the price of Units and the income accruing from them may fall or rise and they may not get back their original investment.

There can be no guarantee that the Sub-Funds will achieve their investment objectives. Investments in the Sub-Funds are not deposits or other obligations of, or guaranteed or insured by any party and are subject to investment risks, including the possible loss of the principal amount invested.

Although it is the Managers' intention to pay out dividends with respect to the United Sure Fund, this objective may not be achieved.

In relation to the United E-Commerce Fund, the value of Units will be susceptible to factors affecting the technology-related industry and may be subject to greater risk and market volatility than an investment in a broader range of securities covering economic sectors. Technology and technology-related industries may also be subject to the inherent risks associated with developing technologies, particularly those affecting the technology sector and which are dependent upon consumer and business acceptance as new technologies evolve.

19. Specific Risks

19.1 Market Risk

Investors in the Sub-Funds should consider and satisfy themselves as to the usual risks of investing and participating in publicly traded securities. Prices of securities may go up or down in response to changes in economic conditions, interest rates and the market's perception of securities which in turn may cause the price of Units in the Sub-Funds to rise or fall.

19.2 Foreign Exchange Risk

The Sub-Funds are denominated in Singapore dollars. Where investments are made by the Sub-Funds in the form of foreign currency denominations, fluctuations in the exchange rates of other currencies against the base currency of the Sub-Funds may affect the value of Units. In the management of the Sub-Funds, the Managers adopt an active currency management approach. However, the foreign currency exposure of the Sub-Funds may not be fully hedged depending on circumstances of each case. Such considerations shall include but are not limited to the outlook on the relevant currency, the costs of hedging and the market liquidity of the relevant currency.

19.3 Political Risk

The investments in the Sub-Funds may be adversely affected by political instability as well as exchange controls, changes in taxation, foreign investment policies, restrictions on repatriation of investments and other restrictions and controls which may be imposed by the relevant authorities in the other countries.

19.4 Derivatives Risk

As the Sub-Funds may be investing in financial derivative instruments for efficient portfolio management or hedging purposes, it will be subject to risks associated with such investments. These financial derivative instruments include foreign exchange forward contracts and equity index future contracts. Investments in financial derivative instruments may require the deposit of initial margin and additional deposit of margin on short notice if the market moves against the investment positions. If no provision is made for the required margin within the prescribed time, the relevant Sub-Fund's investments may be liquidated at a loss. Therefore, it is essential that such investments in financial derivative instruments are monitored closely. The Managers have the necessary control for investments in derivatives and have in place systems to monitor the derivatives positions of the Sub-Funds.

Risk Management Procedures of the Managers

- (a) The Managers may use financial derivative instruments for the purposes of hedging existing positions in a portfolio or efficient portfolio management.

- (b) The Managers will ensure that the exposure of the Sub-Funds to financial derivative instruments will not at any time exceed 100% of the Value of the Deposited Property. Such exposure will be calculated by converting the derivative positions into equivalent positions in the underlying assets embedded in those derivatives.
- (c) Description of risk management and compliance procedures and controls adopted by the Managers:-
- (i) The Managers will implement various procedures and controls to manage the risk of the assets of each Sub-Fund. The decision to invest in any particular security or instrument on behalf of each Sub-Fund will reflect the Managers' judgment of the benefit of such transactions to the Sub-Fund and will be consistent with the Sub-Fund's investment objectives in terms of risk and return.
- (ii) *Execution of Trades.* Prior to each trade, the Managers will ensure that the intended trade will comply with the stated investment objective, focus, approach and restrictions (if any) of each Sub-Fund, and that best execution and fair allocation of trades are done. The Managers' Middle Office department will conduct periodic checks to ensure compliance with the investment objective, focus, approach and restrictions (if any) of each Sub-Fund. In the event of any non-compliance, the Managers' Middle Office is empowered to instruct the relevant officers to rectify the same. Any non-compliance will be reported to higher management and monitored for rectification.
- (iii) *Liquidity.* In the event there are unexpectedly large redemptions of Units, there may be a possibility that the assets of the Sub-Funds may be forced to be liquidated at below their fair and expected value, especially in illiquid public exchanges or over-the-counter markets. The Managers will ensure that a sufficient portion of each Sub-Fund's assets will be in liquid assets such as cash and cash-equivalents to meet expected redemptions, net of new subscriptions.
- (iv) *Counterparty exposure.* Each Sub-Fund may have credit exposure to counterparties by virtue of positions in financial derivative instruments held by the Sub-Fund. To the extent that a counterparty defaults on its obligations and a Sub-Fund is delayed or prevented from exercising its rights with respect to the investments in its portfolio, it may experience a decline in the value of its assets, its income stream and incur extra costs associated with the exercise of its financial rights. The Managers will restrict their dealings with counterparties that have a minimum long-term issuer credit rating of above BB+ by Standard and Poor's, an individual rating of above C by Fitch Inc or a financial strength rating of above C by Moody's Investors Service. If any approved counterparty fails this criterion subsequently, the Managers will take steps to unwind the Sub-Fund's position with that counterparty as soon as practicable.

- (v) *Volatility.* To the extent that each Sub-Fund has exposure to financial derivative instruments that allow a larger amount of exposure to a security for no or a smaller initial payment than the case when the investment is made directly into the underlying security, the value of the Sub-Fund's assets will have a higher degree of volatility. The Sub-Funds may use derivatives for hedging purposes for reducing the overall volatility of the value of its assets. At the same time, the Managers will ensure that the total exposure of each Sub-Fund to derivative positions will not exceed the net asset value of the Sub-Fund, as stated in paragraph (b) above.
 - (vi) *Valuation.* Each Sub-Fund may have exposure to over-the-counter derivatives that are difficult to value accurately, particularly if there are complex positions involved. The Managers will ensure that independent means of verifying the value of such instruments are available, and will conduct such verification on a regular basis, which is expected to be at least once a month.
 - (vii) *Fixed income securities.* Each Sub-Fund may invest in fixed income securities and may be subject to the risks that are typical of such instruments, such as interest rate risks and default risk. Interest rate risks will arise from unexpected changes in the term structure of interest rates, which are in turn dependent on general economic conditions. In addition, such investments are subject to the specific ability of the issuers of such securities to meet its debt obligations and are hence dependent on the financial health of the issuers, which may change adversely over time due to their specific business conditions and general market conditions. The Managers will restrict investments in fixed income securities to only those that are of investment grade as rated by Moody's Investors Service, or Standard and Poor's, or an equivalent reputable rating agency, that is, those securities having a credit rating of Baa3 by Moody's Investors Service or BBB- by Standard and Poor's, or their equivalent.
 - (viii) *Foreign Exchange/Currency Risk.* Each Sub-Fund may have exposure, either directly or indirectly to a wide range of currencies, some of which may be restricted in terms of convertibility. The Managers may hedge the exposure to these currencies to the Singapore Dollar, possibly leading to a reduced overall gain or greater loss on currency swap transactions entered into by the Sub-Fund. Each Sub-Fund may also employ strategies to invest in certain currencies while borrowing in other currencies, and may result in losses if the net movements of the various currencies pairs move in unfavorable directions. The Managers will select transactions in currencies that are likely to yield favorable returns to each Sub-Fund based on their historical trends.
- (d) The Managers will ensure that the risk management and compliance procedures and controls adopted are adequate and that they have the necessary expertise to control and manage the risks relating to the use of financial derivative instruments. The Managers may modify the risk management and compliance procedures and controls as they deem fit and in the interests of each Sub-Fund.

19.5 Liquidity Risk

Investments by the Sub-Funds in some Asian and/or emerging markets often involve a greater degree of risk due to the nature of such markets which do not have fully developed services such as custodian and settlement services often taken for granted in more developed markets. There may be a greater degree of volatility in such markets because of the speculative element, significant retail participation and the lack of liquidity which are inherent characteristics of these Asian and/or emerging markets.

19.6 Small Capitalisation Companies Risk

Investments in companies with small capitalisation generally carry greater risk than is customarily associated with companies with larger capitalisation, which may include, for example, less public information, more limited financial resources and product lines, greater volatility, higher risk of failure than larger companies and less liquidity. The result may be greater volatility in the share prices. Investors should be aware that investments in single country, sector or regional funds which may present greater opportunities and potential for capital appreciation may be subject to higher risks as they may be less diversified than a global portfolio.

The above should not be considered to be an exhaustive list of the risks which investors should consider before investing in the Sub-Funds. Investors should be aware that an investment in the Sub-Funds may be exposed to other risks of an exceptional nature from time to time.

IX. SUBSCRIPTION OF UNITS

20. Subscription procedure

20.1 Applications for Units may be made on the application form attached to this Prospectus or through any agent or distributor appointed by the Managers from time to time or through automated teller machines (“**ATMs**”) (as and when ATM applications are made available by the Managers or their agents or distributors, if applicable), or through the Managers’ website at www.uobam.com.sg or any other website designated by the Managers or any other sales channel, if applicable. Applications must be accompanied by such documents as may be required, with the subscription monies in full.

Applicants may make payment for Units by telegraphic transfer and they should contact the Managers for details regarding such form of payment.

20.2 Investors may subscribe for Units in the Sub-Funds either with cash or Supplementary Retirement Scheme (“**SRS**”) monies.

Investors wishing to use their SRS monies to purchase Units shall indicate so on the application form. The application form will contain the investors’ instructions to the SRS operator bank to withdraw from the investor’s SRS account the purchase monies in respect of the Units applied for.

21. Minimum initial subscription amount and minimum subsequent subscription amount

	United Asian Bond Fund	United E-Commerce Fund	United Sure Fund
Minimum initial subscription amount*	S\$1,000	S\$1,000	S\$1,000
Minimum subsequent subscription amount*	S\$500	S\$500	S\$500

Note:

* The minimum initial subscription amount is S\$1,000 or its equivalent in US dollars or such other currency as the Managers may decide and the minimum subsequent subscription amount is S\$500 or its equivalent in US dollars or such other currency as the Managers may decide.

22. **Dealing deadline and pricing basis**

22.1 The dealing deadline is 3 p.m. Singapore time (the “**Dealing Deadline**”) on a Dealing Day. For applications received and accepted by the Managers or any agent or distributor appointed by the Managers before the Dealing Deadline on any Dealing Day, Units will be issued at the issue price for that Dealing Day. For applications received and accepted by the Managers after the Dealing Deadline on any Dealing Day or on a day not being a Dealing Day, Units will be issued at the issue price for the next Dealing Day. Units in respect of applications received and accepted by the Managers before the Dealing Deadline will be issued at that Dealing Day’s issue price calculated in accordance with Clause 7(B) of the Deed. Applications received after the Dealing Deadline or on a day which is not a Dealing Day shall be treated as having been received on the next Dealing Day.

“**Dealing Day**”, in connection with the issuance, cancellation and realisation of Units of a particular Sub-Fund, means every Business Day or such other day or days at such intervals as the Managers may from time to time determine with the approval of the Trustee Provided That reasonable notice of any such determination shall be given by the Managers to all Holders at such time and in such manner as the Trustee may approve. If on any day which would otherwise be a Dealing Day in relation to the Units of any particular Sub-Fund, the Recognised Stock Exchange on which investments or other property comprised in, and having in aggregate values amounting to at least 50% of the Deposited Property of that Sub-Fund (as at the relevant Valuation Point) are quoted, listed or dealt in is not open for normal trading, the Managers may subject to the foregoing sentence determine that, that day shall not be a Dealing Day.

“**Business Day**” means, in relation to any Sub-Fund, any day (other than a Saturday or Sunday or a public holiday) on which commercial banks in the Republic of Singapore are open for business or any other day as the Managers and the Trustee may agree in writing.

“**Subscription Fee**” means, in relation to a Sub-Fund, a charge upon the issue of a Unit of such Sub-Fund of such amount as shall from time to time be fixed by the Managers generally or in relation to any specific or class of transaction provided that it shall not exceed five percent (or such lower percentage as the Managers and the Trustee may agree) of the original amount paid by a Holder in consideration for the relevant Units at the time of subscription or purchase of such Units. The current Subscription Fee applicable to each Sub-Fund is set out in paragraph 17.1.

“**Valuation Point**” means the close of business on the relevant Dealing Day or such other time on that day or such other day as the Managers with the approval of the Trustee may from time to time determine and the Trustee shall decide if a notice to notify Holders of such determination is required.

- 22.2 Units are issued on a forward pricing basis. Therefore, the issue price cannot be calculated at the time of application. Units will not be issued until subscription monies are received by the Managers.
- 22.3 The issue price per Unit of a Sub-Fund shall be ascertained by calculating the net asset value per Unit of such Sub-Fund as at the Valuation Point in relation to such Dealing Day on which such issue occurs of the proportion of the Deposited Property of such Sub-Fund represented by one Unit of such Sub-Fund, truncated to three decimal places (or such other number of decimal places as determined by the Managers with the approval of the Trustee). The Managers may, if so required, charge a Subscription Fee which is deducted from the total amount paid by the investor for the subscription of Units (the “**Gross Investment Amount**”) of the relevant Sub-Fund, and the resultant amount (the “**Net Investment Amount**”) will be applied towards the subscription of Units of the relevant Sub-Fund. The Subscription Fee shall be retained by the Managers for their own benefit and the amount of the adjustment shall be retained by the relevant Sub-Fund.

The Managers shall be entitled to convert the issue price in Singapore dollars to a foreign currency at the applicable rate of exchange. The costs of such currency exchange, if any, will be borne by the investor. Currently, the Managers accept the purchase of Units in both Singapore dollars and US dollars and will quote the issue price in Singapore dollars and its equivalent in US dollars at the applicable rate of exchange. In future, the Managers may accept the purchase of units in any other foreign currency and will quote the issue price in such currency at the applicable rate of exchange.

23. Numerical example

The number of Units an investor will receive with a Gross Investment Amount of S\$1,000.00, based on a notional issue price of S\$1.000 and cash Subscription Fee of 5%, will be calculated as follows:

S\$1,000.00	-	S\$50.00	=	S\$950.00
Gross Investment Amount		Subscription Fee (5%)		Net Investment Amount
S\$950.00	÷	S\$1.000	=	950.00
Net Investment Amount		Issue price		Number of Units allotted

The number of Units to be issued to an investor will be rounded down to two decimal places (the method of adjustment and the number of decimal places to which adjustment occurs may be varied by the Managers from time to time with the approval of the Trustee).

This is for illustrative purposes only and is not an indication of future or likely performance of any Sub-Fund. The value of Units and the income from them may go down as well as up. Investors should read the Prospectus before investing.

24. Confirmation of Purchase

A confirmation note detailing your investment amount and the number of Units in the Sub-Funds allocated to you will be sent to you within 5 Business Days (in the case of cash applications) or 11 Business Days (in the case of SRS applications) from the date of issue of the relevant Units.

25. Cancellation of Initial Subscription of Units by Investors

Subject to provisions under the Deed and to the terms and conditions for cancellation of subscription in the cancellation form to be provided together with the application form for Units, every Holder shall have the right to cancel their purchase of Units in the relevant Sub-Fund within 7 calendar days from the date of subscription or purchase of Units (or such longer period as may be agreed between the Managers and the Trustee or such other period as may be prescribed under the Notice on Cancellation Period or as permitted by the Authority) by providing notice in writing to the Managers or their authorised agents. Full details of the provisions relating to the cancellation of Units may be found in the terms and conditions for cancellation of Units attached to the application form for the subscription of Units in the relevant Sub-Fund.

X. REGULAR SAVINGS PLAN

26. The Managers may in their discretion implement a scheme for monthly investment in Units on the following basis. A Holder must have a minimum holding of 1,000 Units or the number of Units which would have been purchased for S\$1,000 (or such other number of Units as may be determined by the Managers) before embarking on a regular savings plan (“RSP”). The Holder may opt to invest a minimum sum of S\$100 (or such other amount as may be determined by the Managers) on a fixed day per month or

S\$500 (or such other amount as may be determined by the Managers) on a fixed day per quarter through GIRO payment.

For RSP using cash, Holders must complete an Interbank GIRO Form authorising the payment for the RSP and submit it together with the application form.

For RSP using SRS monies, Holders must submit the application form.

Payments for the RSP will be debited from the Holders' bank accounts or SRS accounts on the 25th calendar day (or next Business Day if that day is not a Business Day) of (i) each month (in the case of monthly RSP subscriptions) and (ii) the last month of each calendar quarter (in the case of quarterly RSP subscriptions). The investment will be made on the same day after payment has been debited for cash and SRS monies (as the case may be) with the allotment of Units made normally within 2 Business Days thereafter.

In the event that the debit is unsuccessful, no investment will be made for that month. No notification relating to the unsuccessful debit will be sent to Holders. After 2 consecutive unsuccessful debits, the RSP will be terminated and no notification of such termination will be sent to the relevant Holders.

The Managers shall not assume any liability for any losses arising from the Holders' payment for the RSP via direct debit transactions.

A Holder may terminate his participation without penalty upon giving 30 days' written notice to the Managers.

XI. REALISATION OF UNITS

27. Realisation procedure

Requests for realisation of Units may be made via realisation forms which may be obtained from any agent or distributor appointed by the Managers from time to time, or through an ATM (as and when ATM realisations are made available by the Managers, or their agents or distributors, if applicable) or through the Managers' website at www.uobam.com.sg or any other website as the Managers, or any other channels if applicable.

28. Minimum holding and minimum realisation amount

Unless the Managers generally otherwise agree, a Holder shall not be entitled to realise less than 100 Units in each request nor to realise part only of his holding of Units if thereafter his holding would be less than such number of Units which at the issue price prevailing at the time of the initial purchase was or would have been purchased for S\$1,000 (or its equivalent in US dollars or such other currency as the Managers may decide) or 1,000 Units, whichever is the lower.

29. Dealing deadline and pricing basis

- 29.1** Requests received and accepted by the Managers or any agent or distributor appointed by the Managers by the Dealing Deadline on any Dealing Day shall be realised on that Dealing Day. Realisation forms received after the Dealing Deadline on any Dealing Day or on a day which is not a Dealing Day, shall be treated as having been received on the next Dealing Day.
- 29.2** Units are realised on a forward pricing basis. Therefore, the realisation price cannot be calculated at the time of request.
- 29.3.** The realisation price per Unit of a Sub-Fund shall be the price per Unit ascertained by the Managers by calculating the net asset value per Unit of such Sub-Fund as at the Valuation Point in relation to the Dealing Day on which the realisation request is received of the proportion of the Deposited Property of such Sub-Fund then represented by one Unit, truncated to three decimal places (or such other number of decimal places as determined by the Managers with the approval of the Trustee). The Managers may, if so required, charge a realisation charge which is deducted from the total amount payable to the investor in respect of the realisation of Units (the “**Gross Realisation Proceeds**”) of the relevant Sub-Fund, and the resultant amount (the “**Net Realisation Proceeds**”) will be paid to the investor. The realisation charge shall be retained by the Managers for their own benefit and the amount of the aforesaid adjustment shall be retained by the relevant Sub-Fund.

The Managers shall be entitled to convert the realisation price in Singapore dollars to a foreign currency at the applicable rate of exchange. The cost of the currency exchange, if any, will be borne by the investor. Currently, the Managers accept the realisation of Units in both Singapore dollars and US dollars and will quote the realisation price in Singapore dollars and its equivalent in US dollars at the applicable rate of exchange. In future, the Managers may permit the realisation of Units in any other foreign currency and will quote the realisation price in such currency at the applicable rate of exchange.

- 29.4** For avoidance of doubt, should a realisation request for any Units be received by the Managers prior to the receipt of the subscription monies in respect of such Units, the Managers may refuse to realise such Units until the Business Day following that upon which the subscription monies in respect of such Units have been received by the Trustee.

30. Numerical example

The Net Realisation Proceeds payable to an investor on the realisation of 1,000 Units of a Sub-Fund, and at a notional realisation price of S\$0.900, will be calculated as follows:

1,000 Units	x	S\$0.900	=	S\$900.00
Your realisation request		Realisation price		Gross Realisation Proceeds
S\$900.00	-	S\$0.00	=	S\$900.00
Gross Realisation Proceeds		Realisation charge		Net Realisation Proceeds

Investors should note that the actual realisation price will vary daily in line with the net asset value per Unit, which may be above or below the issue price. The above example is for illustrative purposes only and is not a forecast or indication of performance.

31. Realisation proceeds shall normally be paid by cheque or credited to the Holder's SRS account within 4 Business Days (or such other period as may be permitted by the Authority) in relation to bond and money market Sub-Funds and within 6 Business Days (or such other period as may be permitted by the Authority) in relation to equity Sub-Funds from the date of receipt and acceptance of the realisation form by the Managers or their duly authorised agents unless the realisation of Units has been suspended in accordance with paragraph 34 below.

XII. SWITCHING OF UNITS

32. Subject to the provisions of the Deed, the Managers may on the application of a Holder effect the switching of Cash Units for units of any other Group Fund or Units within the Sub-Funds that may be subscribed or purchased with cash.

“**Cash Unit**” means a Unit other than a CPF Unit.

“**Group Fund**” means a unit trust scheme the managers of which are the Managers or a company under their control or under common control with them or at least 50% of the share capital of which is held by a company which is a shareholder of the Managers and which shall approve the terms of any exchange which may be made under Clause 7(L) of the Deed.

XIII. PRICES OF UNITS

33. The indicative issue and realisation prices will be published in The Straits Times, The Business Times, Lianhe Zaobao, Today, Teletext and such other foreign publication as the Managers may decide upon and can also be obtained from the Managers' website at www.uobam.com.sg or any other website designated by the Managers if applicable, or by calling the Managers' 24 hour hotline at telephone number 1800 22 22 228. The actual prices are normally published 2 Business Days after the relevant Dealing Day in Singapore dollars and US dollars, except for United Asian Bond Fund, which will be published in Singapore dollars only.

Investors should note that the frequency of the publication of the prices is dependent on the publication policies of the publisher concerned. Save for publications of the Managers, the Managers do not accept any responsibility for errors on the part of the publisher concerned in the prices published in the newspaper or such other publication or any non-publication or late publication of prices by such publisher.

XIV. SUSPENSION OF DEALINGS

34. The Managers may at any time, with the prior written approval of the Trustee, suspend the right of Holders to the issuance and realisation of Units in any Sub-Fund:-
- (i) during any period when any Recognised Stock Exchange for any material proportion of the Investments for the time being constituting the Deposited Property of the relevant Sub-Fund is closed (otherwise than for ordinary holidays); or
 - (ii) during any period when dealings on any such Recognised Stock Exchange are restricted or suspended; or
 - (iii) during any period when, in the opinion of the Managers, there exists any state of affairs as a result of which withdrawal of deposits held for the account of the relevant Sub-Fund or the realisation of any material proportion¹⁴ of the Investments for the time being constituting the Deposited Property of the relevant Sub-Fund cannot be effected normally or without seriously prejudicing the interests of Holders as a whole; or
 - (iv) during any period when in the opinion of the Managers, there is a breakdown in the means of communication normally employed in determining the Value of any of the Investments or the amount of any cash for the time being comprised in the Deposited Property of the relevant Sub-Fund or the amount of any liability of the Trustee for account of the relevant Sub-Fund or when for any other reason the Value of any such Investments or the amount of any such cash or liability cannot be promptly and accurately ascertained (including any period when the fair value of a material portion of the Authorised Investments cannot be determined); or
 - (v) during any period when, in the opinion of the Managers, the transfer of funds which will or may be involved in the realisation of any material proportion of the Investments for the time being constituting the Deposited Property of the relevant Sub-Fund cannot be effected promptly at normal rates of exchange; or
 - (vi) if during any particular day the requests for realisation of Units exceed 10% of the Units of the relevant Sub-Fund in issue and deemed to be in issue; or

¹⁴ For the purposes of paragraph 34, the "material proportion" of the Investments means such proportion of the Investments which when sold would in the opinion of the Managers in consultation with the Trustee cause the value of the Deposited Property of the relevant Sub-Fund to be significantly reduced.

- (vii) during any 48 hour period (or such longer period as may be agreed between the Managers and the Trustee) prior to the date of any meeting of Holders (or any adjourned meeting thereof); or
- (viii) during any period when the dealing of Units is suspended pursuant to any order or direction issued by the relevant authority; or
- (ix) during any period when the business operations of the Managers or the Trustee in relation to the operations of the relevant Sub-Fund are substantially interrupted or closed as a result of or arising from pestilence, acts of war, terrorism, insurrection, revolution, civil unrest, riots, strikes or acts of God.

35. Such suspension shall take effect forthwith upon the declaration in writing thereof to the Trustee by the Managers or vice versa (as the case may be) and shall terminate on the day following the 1st Business Day on which the condition giving rise to the suspension shall have ceased to exist and no other conditions under which suspension is authorised under paragraph 34 above shall exist upon the declaration in writing thereof by the Managers or the Trustee (as the case may be).

Any payment for any Units realised before the commencement of any such suspension but for which payment has not been made before the commencement thereof may, if the Managers and the Trustee so agree, be deferred until immediately after the end of such suspension.

^ Taking into account the Subscription Fee.

Investors should note that the past performances of the Sub-Funds are not necessarily indicative of their future performances.

The benchmark of the United Sure Fund at its inception – Jun 05 : FTSE World series World EUR; Jul 05 – Present : MSCI AC World Index (formerly known as “MSCI AC World Free Index”). The reason for the change is to align the United Sure Fund’s benchmark with the rest of the Managers’ global equity funds.

The benchmark of the United Asian Bond Fund at its inception was JP Morgan Emerging Markets Bond Index Global Constrained Asia. It was changed to the present JP Morgan Asia Bond Total Return Composite with effect from 1 August 2003 as the new benchmark is in the opinion of the Managers, more broadly diversified across economic sectors and countries compared to the previous benchmark in terms of index composition and would better reflect the investment objectives of the United Asian Bond Fund. Subsequently, the benchmark of the United Asian Bond Fund was changed to JP Morgan Asia Credit Index Total Return Composite with effect from 31 December 2006 as JP Morgan terminated JP Morgan Asia Bond Total Return Composite and replaced the former index with JP Morgan Asia Credit Index Total Return Composite.

37. Expense ratio

The expense ratios¹⁹ of the Sub-Funds from 1 July 2007 to 30 June 2008 are as follows:-

¹⁵ The inception dates of the United Asian Bond Fund, the United E-Commerce Fund and the United Sure Fund are 5 April 2000, 5 April 2000 and 12 April 2001 respectively.

¹⁷ Performance is calculated in S\$ on a NAV-NAV basis as at 30 April 2009, taking into account the subscription fee, with all dividends and distributions reinvested (net of reinvestment charges). Figures for the last one year show the percentage change, while figures exceeding one year show the average annual compounded return.

¹⁸ Performance is calculated in S\$ as at 30 April 2009. Performance figures for the last one year show the percentage change, while figures exceeding one year show the average annual compounded return.

¹⁹ The expense ratio is calculated in accordance with the requirements in the Investment Management Association of Singapore’s guidelines on the disclosure of expense ratios (the “**IMAS Guidelines**”) and based on figures in the Sub-Funds’ latest audited accounts. The following expenses set out in the IMAS Guidelines (as may be updated from time to time), are excluded from the calculation of the expense ratio:

- (a) brokerage and other transaction costs associated with the purchase and sales of investments (such as registrar charges and remittance fees);
- (b) interest expense;
- (c) foreign exchange gains and losses of the Sub-Funds, whether realised or unrealised;
- (d) front end-loads or back-end loads and other costs arising from the purchase or sale, including withholding tax of a foreign unit trust or mutual fund;

Sub-Fund	Turnover Ratio
United Asian Bond Fund	98.52%
United E-Commerce Fund	53.32%
United Sure Fund	67.50%

XVI. SOFT DOLLAR COMMISSIONS/ARRANGEMENTS

39. The Managers may from time to time receive or enter into soft-dollar commissions or arrangements in the management of the Fund. The soft-dollar commissions or arrangements which the Managers may receive include specific advice as to the advisability of dealing in, the value of any investment, research and advisory services, economic and political analyses, portfolio analyses including valuation and performance measurement, market analyses, data and quotation services and computer hardware and software or any other information facilities to the extent that they are used to support the investment decision making process, the giving of advice, or the conduct of research or analysis, and custodian service in relation to the investments managed for clients.

Soft dollar commissions or arrangements shall not include travel, accommodation, entertainment, general administrative goods and services, general office equipment or premises, membership fees, employees' salaries or direct money payment.

40. The Managers may not accept or enter into soft-dollar commissions or arrangements in respect of the Fund unless such soft-dollar commissions or arrangements will reasonably assist them in their management of the relevant Fund, provided that the Managers shall ensure that at all times the transactions are executed on the best available terms taking into account the relevant market at the time for transactions of the kind and size concerned, and that no unnecessary trades are entered into in order to qualify for such soft-dollar commissions/arrangements. The Managers do not and are not entitled to, retain cash rebates for their own account in respect of rebates earned when transacting in securities for account of the Fund.

XVII.CONFLICTS OF INTEREST

41. The Managers are of the view that there are no conflicts of interest in managing their other funds and the Sub-Funds because of the following structures that are in place:-
- All investment ideas are shared equally among the fund managers of the Managers.

- The Managers subscribe to the Code of Ethics and the Standards of Professional Conduct as prescribed by the Chartered Financial Analyst Institute (“**CFA Institute**”) in USA. CFA Institute is the primary professional organisation for security analysts, investment managers and others who are involved in the investment decision-making process. All Certified Financial Analyst charter holders of CFA Institute and candidates who are in pursuit of the charter, including those from Singapore, are expected to comply with CFA Institute standards. The Code of Ethics and the Standards of Professional Conduct are in place to ensure high ethical and professional standards of the investment professionals as well as fair treatment to the investing public.
 - Despite the possible overlap in the scope of investments, none of the funds managed by the Managers are identical to one another and investment decisions are made according to the individual risk return characteristic of the fund.
 - The Managers’ usual fair and unbiased practice is to allocate investment between various funds which place the same orders simultaneously on a pro rata basis. However, should any potential conflicts of interest arise from a situation of competing orders for the same securities, the Managers adopt an average pricing policy whereby orders that are partially fulfilled on a particular day shall be allotted proportionately among the funds based on their respective initial order size and such quantity allotted shall be at the average price of such investments on that particular day.
42. The Managers and the Trustee shall conduct all transactions with or for the Sub-Funds on an arm’s length basis.

XVIII. REPORTS

43. The financial year-end of the Fund is 30 June. Holders of the Sub-Funds shall receive (i) the semi-annual report and the semi-annual accounts of the relevant Sub-Fund within 2 months of its financial half-year end (or such other periods as may be permitted by the Authority) and (ii) the annual report, the annual accounts and the auditor’s report on the accounts of the relevant Sub-Fund within 3 months of its financial year-end (or such other periods as may be permitted by the Authority).

XX. OTHER MATERIAL INFORMATION

45. Market Timing

The Fund is designed and managed to support medium to long-term investments. In this regard, the Managers take a serious view of, and strongly discourage the practice of market timing (that is, investors conducting short-term buying or selling of Units to gain from inefficiencies in pricing) as such practices may cause an overall detriment to the long-term interest of other investors. In addition, short-term trading in Units increases the total transaction costs of the Fund, such as trading commission and other costs which are absorbed by all other investors. Moreover, the widespread practice of market timing may cause large movements of cash in the Fund which may disrupt the investment strategies to the detriment of long-term investors. For the reasons set out above, the Managers strongly discourage the practice of market timing and may implement internal measures to monitor and control such practice.
