All enquiries in relation to the Fund should be directed to the Managers, UOB Asset Management Ltd, or any agent or distributor appointed by the Managers.

Under the Deed, the Trustee may appoint any other party (including, without limitation, the Managers) to carry out and administer the Trustee’s duties in relation to the Register. The Register is conclusive evidence of the number of Units held by each Holder and the entries in the Register shall prevail in the event of any discrepancy between the entries in the Register and the details appearing on any statement of holding, unless the Holder proves, to the satisfaction of the Managers and the Trustee, that the Register is incorrect.

4.2 The Auditors

The auditors of the Fund are PricewaterhouseCoopers LLP (the “**Auditors**”) whose office is at 8 Cross Street, #17-00, PWC Building, Singapore 048424.

5. STRUCTURE OF THE FUND

5.1 Fund structure

The Fund is a stand-alone non-specialised open-ended collective investment scheme which is denominated in Singapore Dollars.

The Managers have the discretion to establish different classes of Units within the Fund from time to time. The Managers may launch and issue any class of Units established subsequent to the date of this Prospectus either at an Issue Price per Unit of S\$1.00 or such other fixed price per Unit as the Managers may determine in consultation with the Trustee. All existing Units at the time of the establishment of the new class of Units will be re-classified.

6. INVESTMENT OBJECTIVE, FOCUS AND APPROACH

6.1 Investment objective and policies

The investment objective of the Fund is to achieve long term capital growth by investing in securities (equities or equity-related securities) issued by companies in the resources, commodities and energy sectors globally.

Such sectors include but are not limited to the following industries:

- (i) Energy (eg: oil, natural gas, coal, tar oil sands and uranium);
- (ii) Precious metals (eg: gold, silver, diamonds, platinum, palladium and rhodium);
- (iii) Bulk commodities (eg: coking coal, thermal coal, iron ore and steel);
- (iv) Base metals (eg: copper, alumina, aluminium, nickel, zinc, lead and tin);
- (v) Industrial minerals and chemicals (eg: titanium dioxide, tantalum, ethylene, propylene, PET, PVC and rubber);
- (vi) Soft commodities (eg: wheat, soya bean, cocoa, corn, coffee, sugar, cotton, hogs, cattle, wheat and fertilisers);
- (vii) Pulp and forestry; and
- (viii) Alternative energy/resources (eg: hydro, solar, biomass, geothermal and wind).

In addition to the above, the Managers may also invest the Deposited Property in the following investment vehicles:

- (a) energy trusts;
- (b) business trusts;
- (c) indices;
- (d) collective investment schemes authorised or recognised by the Authority pursuant to sections 286 and 287 of the SFA respectively; and
- (e) collective investment schemes that invest all or substantially all of their deposited property in natural resources, commodities and energy sectors in any specific geographical region and/or globally or in securities issued by companies in such sectors,

provided that investments in each entity under (a), (b) and (c) shall not exceed 10% of the Deposited Property, investments in each collective investment scheme described in (d) shall not exceed 10% of the Deposited Property and investments in the collective investment schemes described in (e) shall not in total exceed 10% of the Deposited Property.

As the Fund is an absolute return fund, in the event the Managers find that there are no suitable investment opportunities for the Fund at any time, the Fund may temporarily invest in debt securities and/or deposits held as cash. The performance of the Fund will be compared against an absolute return benchmark of 6% per annum for the equivalent period.

6.2 Investment focus and approach

The countries and securities invested in by the Managers' funds go through a rigorous research exercise before they are included in the respective portfolios. Even though the combination of both bottom-up and top-down investment approaches ultimately drives the process, the Managers believe long-term investment performance can be achieved by employing a rigorous research process that enables the Managers to identify companies that generate superior returns as well as by identifying companies that are undervalued.

Bottom-up approach

As mentioned above, fundamental and valuation analysis (bottom-up) forms an integral part of the Managers' research effort. Key elements of this include:

Fundamental Evaluation

This includes the evaluation of company management, products and services, competitive positioning, operating outlook, earnings prospects, risk factors and corporate governance standards.

Valuation Analysis

This includes some form of discounted cash flow valuation approach, comparative multiples (Price Earnings Ratio, Price Book Value, Price Cash Flow Ratio and dividend yield), and a wide range of profitability measures (operating margin, Return on Equity, Return on Capital Invested vs Cost of Capital).

In addition, company visits, meetings with management and participation in conference calls are important to the Managers' research efforts. In the stock screening process, the Managers actively screen a reasonable number of equity securities from a larger universe.

Top-down approach

The top-down assessment of the markets and asset allocation involves a detailed quarterly review of market conditions and risk adjusted expectations across asset classes and regions in order to establish internal targeted allocations for the various portfolios.

The approach is to also invest in industries which exhibit positive macro fundamentals and companies which possess robust micro qualities.

While the main focus will be on long term growth, the Fund will only invest in companies where valuation levels can be justified.

Positive macro and micro drivers are defined in terms of:

- Operating in industry with rational producers, disciplined industry supply
- Rising secular demand for its end product
- Scalability of business, exploitation of economies of scale
- Valuable business franchise
- Efficient distribution capability
- Research and development capability
- Financial strength
- High barriers to entry of competitors
- Astute management
- Shareholder focused and wealth-creation track record

6.3 Authorised Investments

- (a) The authorised investments of the Fund (“**Authorised Investments**”) include the following Investments:
- (i) any Quoted Investment which is selected by the Managers for the purpose of investment of the Deposited Property;
 - (ii) any Investment in respect of which an application for listing or permission to deal has been made to a Recognised Market and the subscription for or purchase of which is either conditional upon such listing or permission to deal being granted within a specified period not exceeding twelve weeks (or such other period as may be agreed between the Managers and the Trustee) or in respect of which the Managers are satisfied that the subscriptions or other transactions will be cancelled if the application is refused;
 - (iii) any Unquoted Investment which is selected by the Managers for the purpose of investment of the Deposited Property;
 - (iv) any Investment which is a unit in any unit trust scheme or a share or participation in an open-ended mutual fund or other collective investment scheme;

- (v) the currency of any country or any contract for the spot purchase or sale of any such currency or any forward contract of such currency;
- (vi) any Investment denominated in any currency;
- (vii) any Investment which is a future, option, forward, swap, collar, floor or other derivative; and
- (viii) any Investment which is not covered by paragraphs (i) to (vii) of this definition selected by the Managers and approved by the Trustee.

The Investments described in paragraphs (v) and (vii) above shall be used solely for the purposes of hedging existing positions in a portfolio or efficient portfolio management.

- (b) The investment guidelines and borrowing limits for non-specialised funds set out in Appendix 1 of the Code on Collective Investment Schemes (the “**Code**”) shall apply to the Fund. Investors may obtain the latest version of the Code from the Authority’s website, www.mas.gov.sg.

6.4 Risk management procedures of the Managers on the use of financial derivative instruments

- (a) The Managers may use financial derivative instruments (including those described in paragraphs 6.3(a)(v) and (vii) for the purposes of hedging existing positions in a portfolio or efficient portfolio management.
- (b) The Managers will ensure that the exposure of the Fund to financial derivative instruments will not at any time exceed 100% of the net asset value of the Deposited Property. Such exposure will be calculated by converting the derivative positions into equivalent positions in the underlying assets embedded in those derivatives.
- (c) Description of risk management and compliance procedures and controls adopted by the Managers:
 - (i) The Managers will implement various procedures and controls to manage the risk of the assets of the Fund. The decision to invest in any particular security or instrument on behalf of the Fund will reflect the Managers’ judgment of the benefit of such transactions to the Fund and will be consistent with the Fund’s investment objective in terms of risk and return.
 - (ii) *Execution of Trades.* Prior to each trade, the Managers will ensure that the intended trade will comply with the stated investment objective, focus, approach and restrictions (if any) of the Fund, and that best execution and fair allocation of trades are done. The Managers’ Middle Office department will conduct periodic checks to ensure compliance with the investment objective, focus, approach and restrictions (if any) of the Fund. In the event of any non-compliance, Middle Office is empowered to instruct the relevant officers to rectify the same. Any non-compliance will be reported to higher management and monitored for rectification.

- (iii) *Liquidity.* In the event of unexpectedly large realisations of Units, there may be a possibility that the assets of the Fund may be forced to be liquidated at below their fair and expected value, especially in illiquid public exchanges or over-the-counter markets. The Managers will ensure that a sufficient portion of the Fund will be in liquid assets such as cash and cash-equivalents to meet expected realisations, net of new subscriptions.
 - (iv) *Counterparty exposure.* The Fund may have credit exposure to counterparties by virtue of positions in financial instruments (including derivatives) held by the Fund. To the extent that a counterparty defaults on its obligations and the Fund is delayed or prevented from exercising its rights with respect to the investments in its portfolio, it may experience a decline in the value of its assets and in its income stream and incur extra costs associated with the exercise of its financial rights. The Managers will restrict their dealings with counterparties to entities that have a minimum long-term issuer credit rating of above BB+ by Standard and Poor's, an individual rating of above C by Fitch Inc or a financial strength rating of above C by Moody's Investors Service or an equivalent rating from any other reputable rating agency. If any approved counterparty fails this criterion subsequently, the Managers will take steps to unwind the Fund's position with that counterparty as soon as practicable.
 - (v) *Volatility.* To the extent that the Fund has exposure to financial derivative instruments that allow a larger amount of exposure to a security for no or a smaller initial payment than the case when the investment is made directly into the underlying security, the value of the Fund's assets will have a higher degree of volatility. The Fund may use derivatives for hedging purposes for reducing the overall volatility of the value of its assets. At the same time, the Managers will ensure that the total exposure of the Fund to derivative positions will not exceed the net asset value of the Fund, as stated in paragraph 6.4(b) above.
 - (vi) *Valuation.* A Fund may have exposure to over-the-counter derivatives that are difficult to value accurately, particularly if there are complex positions involved. The Managers will ensure that independent means of verifying the value of such instruments are available, and will conduct such verification on a regular basis, which is expected to be at least once a month.
- (d) The Managers will ensure that the risk management and compliance procedures and controls adopted are adequate and that they have the necessary expertise to control and manage the risks relating to the use of financial derivative instruments. The Managers may modify the risk management and compliance procedures and controls as they deem fit and in the interests of the Fund.

7. FEES AND CHARGES

7.1 Fees and charges table

Fees payable by a Holder	
Subscription Fee	Currently 5%; maximum 5%.
Realisation Fee	Currently 0%; maximum 2%.
Switching Fee ⁽¹⁾	Currently 1%; maximum 1%.

Fees payable by the Fund to the Managers, the Trustee and other parties	
Management Fee	Currently 1.5% per annum; maximum 2% per annum.
Trustee's Fee	Currently below 0.05% per annum (subject always to a minimum of S\$10,000 per annum). Maximum 0.1% per annum.
Registrar Fee	The higher of S\$15,000 per annum or 0.125% per annum, subject to a maximum of S\$25,000 per annum.
Performance fee ⁽²⁾	25% of the amount by which the net asset value (" NAV ") of the Fund exceeds the Benchmark Value ⁽³⁾ .
Valuation and Accounting Fees	0.125% per annum.
Audit fee ⁽⁴⁾ (payable to the Auditors), custodian fee (payable to the Custodian) and other fees and charges ⁽⁵⁾	Subject to agreement with the relevant parties. Each of the fees and charges may exceed 0.1% per annum ⁽⁶⁾ , depending on the proportion that each of the fees and charges bears to the NAV of the Fund.

⁽¹⁾ In the case of a switch of Units to units of any other fund managed by the Managers ("**New Fund**"), the switching fee referred to relates to the 1% subscription fee imposed by the Managers for investment into the New Fund. Such 1% switching fee would, in the case of a New Fund which normally imposes a subscription fee of more than 1%, effectively translate to a discount of the subscription fee of the New Fund.

⁽²⁾ The performance fee (if any) shall be calculated and accrued on a daily basis during each Accounting Period, provided that where the NAV per Unit in issue is equal to or less than the Benchmark Value per Unit for any period of time during the relevant Accounting Period, any accrual of performance fee shall be reversed during that period.

The performance fee (if any) accrued as at the end of each Accounting Period shall be paid to the Managers as soon as practicable (within 30 days) following the end of an Accounting Period out of the Deposited Property. An example of the calculation of the performance fee is provided in paragraph 7.2 below.

- (3) The Benchmark Value shall be calculated on a daily basis and the Initial Benchmark Value shall be the amount equivalent to a 6% per annum increase over the initial Issue Price of the Units.
- The Benchmark Value will be reset at the beginning of each year. The new Benchmark Value for the relevant Accounting Period will be the higher of either:
- (i) a 6% per annum increase in the Fund's NAV per Unit at the end of the preceding Accounting Period; or
 - (ii) the Initial Benchmark Value.
- (4) The audit fee is subject to agreement with the Auditors for the relevant financial year.
- (5) Other fees and charges include printing costs, legal and other professional fees, goods and services tax ("GST") and other out-of-pocket expenses. The Fund may also invest in energy trusts, business trusts, indices and other collective investment schemes from time to time and fees payable by investors in such investments may include, without limitation, subscription fees, management fees and performance fees, which would be borne indirectly by the Fund.
- (6) Based on the NAV of the Fund as at 29 January 2010, the Managers do not anticipate any other fees or charges for the current financial year (on the assumption that such fees and charges would be similar to that incurred in the previous financial year) to exceed 0.1% of the NAV of the Fund.

7.2 Example of calculation of performance fee

For simplicity, the prices are listed on yearly intervals, and the NAV per Unit and dates described are purely for illustration purposes.

1st Accounting Period:

As at 1 Jan 2001	Initial NAV per Unit = \$0.95
As at 31 Dec 2001	<p>NAV per Unit rises to \$1.20</p> <p>Benchmark Value for the 1st Accounting Period = a 6% per annum increase over the initial Issue Price = \$1.00 x (1.06) = \$1.06 (accrued daily)</p> <p>Accrued performance fee = (\$1.20 - \$1.06) x 25% = \$0.0350 per Unit</p>

2nd Accounting Period

As at 1 Jan 2002	<p>New Benchmark Value = Higher of a 6% per annum increase in the preceding Accounting Period NAV per unit ($\\$1.20 \times (1.06) = \\1.27) or the Initial Benchmark Value of \$1.06</p> <p>The Benchmark Value for the 2nd Accounting Period $= \\$1.20 \times (1.06)$ $= \\$1.27$ (accrued daily)</p>
As at 31 Dec 2002	<p>NAV per Unit falls to \$1.05</p> <p>There is no accrued performance fee as the NAV per Unit has underperformed the Benchmark Value.</p>

3rd Accounting Period

As at 1 Jan 2003	<p>New Benchmark Value = Higher of a 6% per annum increase in the preceding Accounting Period NAV per unit ($\\$1.05 \times (1.06) = \\1.11) or the Initial Benchmark of \$1.06</p> <p>The Benchmark Value for the 3rd Accounting Period $= \\$1.05 \times (1.06)$ $= \\$1.11$ (accrued daily)</p>
As at 31 Dec 2003	<p>NAV per Unit rises to \$1.40</p> <p>Accrued performance fee $= (\\$1.40 - \\$1.11) \times 25\%$ $= \\$0.073$ per Unit</p>

- 7.3 As required by the Code, all marketing, promotional and advertising expenses in relation to the Fund will be borne by the Managers and not debited from the Deposited Property.
- 7.4 The Subscription Fee and Realisation Fee shall be retained by the Managers for their own benefit, and shall not form part of the Deposited Property. Any commission, remuneration or other sum payable to agents in respect of the issue or sale of any Units shall not be added to the price of such Units but shall be paid by the Managers.
- 7.5 The Managers may at any time differentiate between applicants as to the amount of the Subscription Fee, Realisation Fee and other charges (if any), payable to the Managers upon the issue or realisation of Units or allow to investors discounts on such basis and to such extent as they may think fit or to waive such charges.

8. RISKS

8.1 General risks

- (a) There is no guarantee that the investment objective of the Fund will be achieved. Investors should consider and satisfy themselves as to the risks of investing in the Fund. Generally, some of the risk factors that should be considered by investors are market risks, interest rate risks, foreign exchange risks, political risks, repatriation risks, liquidity risks and derivatives risks.
- (b) Investment in the Fund is meant to produce returns over the long-term and investors should not expect to obtain short-term gains from such investment.
- (c) Investors should be aware that the value of Units and the income accruing to the Units may fall or rise and investors may not get back their original investment.

8.2 Specific risks

- (a) Market risk

Investors in the Fund should consider and satisfy themselves as to the usual risks of investing and participating in publicly traded securities. Prices of securities may go up or down in response to changes in economic conditions, interest rates and the market's perception of securities which in turn may cause the value of Units to rise or fall.

- (b) Foreign exchange risk

The Fund is denominated in Singapore dollars. Where investments are made by the Fund in the form of foreign currency denominations, fluctuations in the exchange rates of other currencies against the Singapore Dollar may affect the value of the Units. In the management of the Fund, the Managers adopt an active currency management approach. However, the foreign currency exposure of the Fund may not be fully hedged depending on circumstances of each case. Such considerations include but are not limited to the outlook on the relevant currency, the costs of hedging and the market liquidity of the relevant currency.

- (c) Political risk

The investments in the Fund may be adversely affected by political instability as well as exchange controls, changes in taxation, foreign investment policies, restrictions on repatriation of investments and other restrictions and controls which may be imposed by the relevant authorities in the relevant countries.

- (d) Derivatives risk

As the Fund may be investing in financial derivative instruments for efficient portfolio management and/or hedging, it will be subject to risks associated with such investments. These financial derivative instruments include foreign exchange forward contracts and

equity index future contracts. Investments in financial derivative instruments may require the deposit of initial margin and additional deposit of margin on short notice if the market moves against the investment positions. If no provision is made for the required margin within the prescribed time, the Fund's investments may be liquidated at a loss. Therefore, it is essential that such investments in financial derivative instruments are monitored closely. The Managers have the necessary controls for investments in financial derivative instruments and have in place systems to monitor the financial derivative instruments positions for the Fund. Please see paragraph 6.4 for more information on the risk management procedures of the Managers on the use of financial derivative instruments.

(e) Liquidity risk

Investments by the Fund in some Asian and/or emerging markets often involve a greater degree of risk due to the nature of such markets which do not have fully developed services such as custodian and settlement services often taken for granted in more developed markets. There may be a greater degree of volatility in such markets because of the speculative element, significant retail participation and the lack of liquidity which are inherent characteristics of these Asian and/or emerging markets.

(f) Small and medium capitalisation companies risk

Investments in small and medium capitalisation companies, if any, generally carry greater risk than is customarily associated with larger capitalisation companies, which may include, for example, less public information, more limited financial resources and product lines, greater volatility, higher risk of failure than larger companies and less liquidity. The result may be greater volatility in the share prices.

(g) Single country, sector and regional risk

Investors should also be aware that investments in single country, sector or regional funds which may present greater opportunities and potential for capital appreciation may be subject to higher risks as they may be less diversified than a global portfolio.

(h) Exceptional market conditions

Under certain market conditions, it may be difficult or impossible to liquidate or rebalance positions. For example, this may occur during volatile markets or crisis situations or where trading under the rules of the relevant stock exchange is suspended, restricted or otherwise impaired. During such times, the Fund may be unable to dispose of certain assets due to thin trading or lack of a market or buyers. Placing a stop-loss order may not necessarily limit the Fund's losses to intended amounts as market conditions may make it impossible to execute such an order at the ideal price. In addition, such circumstances may force the Fund to dispose of assets at reduced prices, thereby adversely affecting the Fund's performance. Further, such investments may be difficult to value with any degree of accuracy or certainty. The dumping of securities in the market could further deflate prices. If the Fund incurs substantial trading losses, the need for liquidity could rise sharply at the same time that access to liquidity is impaired. Further, in a market

downturn, the Fund's counterparties' financial conditions could be weakened, thereby increasing the Fund's credit risk.

The above should not be considered to be an exhaustive list of the risks which investors should consider before investing in the Fund. Potential investors should be aware that an investment in the Fund may be exposed to other risks of an exceptional nature from time to time.

9. SUBSCRIPTION AND ISSUE OF UNITS

9.1 How Units may be purchased and paid for

Applications for Units may be made to the Managers by submitting the application form attached to this Prospectus or through any agents or distributors appointed by the Managers from time to time or through automated teller machines (“ATMs”) (as and when ATM applications are made available by the Managers or their agents or distributors, if applicable) or through the Managers' website at uobam.com.sg or any other website designated by the Managers or any other sales channel, if applicable.

Applications should be accompanied by such documents as may be required, with the subscription monies in full, failing which the Managers reserve the right to reject the relevant application. Applicants may make payment for Units by telegraphic transfer. Applicants should contact the Managers for details regarding payment by telegraphic transfer. All bank charges incurred in respect of a telegraphic transfer will be borne by the applicant.

Investors have a choice of paying for Units with cash or SRS (defined below) monies.

Investors wishing to use their SRS monies to purchase Units shall indicate so on the relevant application form (which shall contain the investor's instructions to his SRS Operator (defined below) bank to withdraw from his SRS Account (defined below) the subscription monies in respect of the Units applied for).

Currently, the Managers accept payment in both Singapore Dollars and US Dollars. The Issue Price will be calculated and quoted in Singapore Dollars and (where applicable) in its equivalent in US Dollars by conversion at the applicable Rate of Exchange (defined below). Investors who paid for their Units in Singapore Dollars will have their Units issued at the relevant Issue Price quoted in Singapore Dollars, and investors who paid for their subscriptions in US Dollars will have their Units issued at the relevant Issue Price in US Dollars. The Managers may also accept payment in any other currency from time to time in their sole discretion.

As the Fund is denominated in Singapore Dollars, investors should note that any subscription monies paid in US Dollars will be converted to Singapore Dollars at the applicable Rate of Exchange prior to such subscription monies being invested in the Fund, and the costs of such currency exchange, if any, will be borne by the investor.

Units will generally only be issued when subscription monies have been received by the Trustee on a cleared funds basis, although the Managers may at their discretion issue Units before the Trustee receives full payment in cleared funds.

For compliance with anti-money laundering laws and guidelines, the Managers or their authorised distributors reserve the right to request such information or documents as is necessary to verify the identity of an applicant.

In this Prospectus:

“**Rate of Exchange**” means such exchange rate (whether official or otherwise) which the Managers, after consultation with the Trustee or in accordance with a method approved by the Trustee, deem appropriate in all circumstances.

“**SRS**” means the scheme referred to by the Minister of Finance as the Supplementary Retirement Scheme or such other scheme as shall replace or supersede the Supplementary Retirement Scheme from time to time.

“**SRS Account**” means an account opened by an investor with a participating branch of a designated SRS Operator for the purpose of an investment under the SRS and “SRS Account” shall be construed accordingly.

“**SRS Operator**” means any of the designated banks as appointed by the Minister of Finance from time to time to operate SRS Accounts.

9.2 The minimum initial subscription and minimum subsequent subscription amounts

The minimum initial subscription amount for the Fund is S\$1,000 or its equivalent in US Dollars or such other currencies at the applicable Rate of Exchange, as the Managers may decide. The minimum subsequent subscription amount is S\$500 or its equivalent in US Dollars or such other currencies at the applicable Rate of Exchange, as the Managers may decide or such other minimum initial subscription amounts or minimum subsequent subscription amounts as the Managers may from time to time in their sole discretion determine upon giving prior notice to the Trustee.

9.3 Issue Price

Units shall be issued on a forward pricing basis. Therefore, the Issue Price of subsequent Units shall not be ascertained at the time an application is made.

The Issue Price per Unit shall be ascertained by calculating the NAV per Unit as at the Valuation Point in relation to the Dealing Day on which such issue occurs of the proportion of the Deposited Property represented by one Unit and truncating the

resultant amount to three decimal places (or such other method of adjustment or number of decimal places as determined by the Managers with the approval of the Trustee). The Managers may, if so required, charge a Subscription Fee which is deducted from the total amount paid by the investor for the subscription of Units (the “**Gross Investment Amount**”), and the resultant amount (the “**Net Investment Amount**”) will be applied towards the subscription of Units. The Subscription Fee shall be retained by the Managers for their own benefit and the amount of the adjustment shall be retained by the Fund. The Managers’ policy in relation to the valuation of the assets of the Fund is set out in paragraph 21.3 of this Prospectus.

The Managers may, in consultation with the Trustee and in accordance with the provisions of the Deed, make fixed price offers of Units from time to time.

No certificates for Units will be issued.

Any change to the method of determining the Issue Price will be effected with the consent of the Trustee, who will determine whether Holders should be informed of the change.

9.4 Dealing deadline and pricing basis

The Managers administer the Fund by stipulating the days on which transactions in Units are permitted, and the times by which (among other things) applications or instructions must be received for transactions in Units to take place as of a particular day or time.

The Issue Price is based on the NAV of the Fund at the relevant Valuation Point.

The dealing deadline is 3 p.m. Singapore time on any Dealing Day (“**Dealing Deadline**”). Applications received and accepted by the Managers or any other agent or distributor by the Dealing Deadline will be transacted on that day at that Dealing Day’s Issue Price. Applications received and accepted by the Managers or any other agent or distributor after the Dealing Deadline or on a day which is not a Dealing Day will be transacted on the next Dealing Day. The Managers shall be entitled to convert the Issue Price to a foreign currency at the applicable Rate of Exchange. The cost of the currency exchange, if any, will be borne by the investor. Currently, the Managers accept the purchase of Units with both Singapore Dollars and US Dollars and will quote the Issue Price in Singapore Dollars and its equivalent in US Dollars at the applicable Rate of Exchange. In future, the Managers may accept the purchase of Units in any other foreign currency and will quote the Issue Price in such currency at the applicable Rate of Exchange. Acceptance of subscriptions in currencies other than Singapore dollars is at the discretion of the Managers and subject to such additional terms as they may impose from time to time.

In this Prospectus:

“**Business Day**” means a day (other than a Saturday, Sunday or public holiday) on which commercial banks are open for business in Singapore, or any other day as the Managers and the Trustee may agree in writing.

“**Dealing Day**”, in connection with the issuance, cancellation and realisation of Units, means every Business Day or such other day or days at such intervals as the Managers may from time to time determine with the prior consultation of the Trustee provided that reasonable notice of any such determination shall be given by the Managers to all Holders at such time and in such manner as the Trustee may approve. If on any day which would otherwise be a Dealing Day the Recognised Market on which investments of the Fund having in aggregate values amounting to at least 50% of the value of the assets of the Fund (as at the relevant Valuation Point) are quoted, listed, or dealt in is not open for normal trading, the Managers may determine that that day shall not be a Dealing Day.

“**Valuation Point**” means 7 a.m. Singapore time on the day following the relevant Dealing Day on which the value of the assets of the Fund is to be determined or such other time as the Managers may determine with the prior approval of the Trustee who shall decide if a notice to notify the Holders of such change is required.

The Deed sets out the circumstances in which the issue of Units may be suspended. The relevant provisions are summarised in paragraph 15 of this Prospectus.

9.5 Numerical example of how Units are allotted

The number of Units an investor will receive with a Gross Investment Amount of S\$1,000.00, based on a notional Issue Price of S\$1.000*, will be calculated as follows:

S\$1,000.00	-	S\$50.00	=	S\$950.00
Gross Investment Amount		Subscription Fee (5%)		Net Investment Amount
S\$950.00	÷	S\$1.000	=	950.00
Net Investment Amount		Issue Price		Number of Units allotted

* The example above is a hypothesis and is not indicative of any future Issue Price. The actual Issue Price will fluctuate according to the then prevailing NAV of the Fund.

The number of Units to be issued to an investor will be rounded down to 2 decimal places (the method of adjustment and the number of decimal places to which adjustment occurs may be varied by the Managers from time to time with the approval of the Trustee).

9.6 Confirmation of purchase

An investor who invests in the Fund will be sent a confirmation of his purchase within 5 Business Days for cash applications, and within 11 Business Days, for SRS applications, from the date of issue of Units.

10. REGULAR SAVINGS PLAN

Holders may participate in the regular savings plan (“**RSP**”) for the Fund. A Holder must have a minimum holding of 1,000 Units or the number of Units which would have been purchased for S\$1,000 or its equivalent in US Dollars or such other currency as the Managers may decide based on the Issue Price prevailing on the date of application to join the RSP (or such other number of Units as the Managers may from time to time determine).

A Holder may opt to invest a minimum sum of S\$100 per month or S\$500 per quarter through Interbank Giro payment (or such other amounts or in such other currencies as the Managers may determine) (the “**RSP sum**”).

For RSP using cash, the Holder must complete an Interbank Giro Form authorising the payment for the RSP (or such other form or method as the Managers may determine from time to time) and submit it together with the application form.

For RSP using SRS monies, the Holder must submit the relevant application form.

Payment for the RSP will be debited from the account indicated on the relevant application form on the 25th calendar day (or the next Business Day if that day is not a Business Day) of (i) each month (in the case of monthly RSP subscriptions) and (ii) the last month of each calendar quarter (in the case of quarterly RSP subscriptions). The investment will be made on the same Business Day after payment has been debited for cash or SRS monies (as the case may be) with the allotment of Units made normally within 2 Business Days thereafter.

In the event that the debit is unsuccessful, no investment will be made for that month or quarter (as the case may be). No notification relating to the unsuccessful debit will be sent to Holders. After 2 consecutive unsuccessful debits, the RSP will be terminated and no notification of such termination will be sent to the relevant Holders.

A Holder may terminate his participation in the RSP without penalty upon giving not less than 30 days’ written notice to the Managers. The Managers reserve the right to terminate or suspend the RSP at any time in their absolute discretion by giving at least 30 days’ notice to the affected Holders.

The Managers shall not assume any liability for any losses attributable to a Holder’s participation in the RSP.

11. REALISATION OF UNITS

11.1 How Units may be realised

Holders may realise their Units on any Dealing Day. Requests for realisation of Units may be made by submitting realisation forms which may be obtained from any agent or distributor appointed by the Managers from time to time, through an ATM (as and

when ATM realisations are made available by the Managers or their agents or distributors, if applicable), through the Managers' website at uobam.com.sg or any other website designated by the Managers, or any other sales channels, if applicable.

Realisations of Units may be suspended in the situations described in paragraph 15.

11.2 Minimum holding amount and minimum realisation amount

A Holder can realise Units in full or partially, but shall not be entitled to realise part of his holding of Units if, as a consequence of such realisation, his holding in the Fund would be reduced to less than the Minimum Holding. Where any realisation request would result in the Holder holding less than the Minimum Holding, the Managers shall require such Holder to realise all of his holding of Units.

In this Prospectus:

“**Minimum Holding**” means 1,000 Units or such number of Units as may be purchased for S\$1,000 or its equivalent in US Dollars or such other currency as the Managers may decide or such other number of Units or amount as may from time to time be determined by the Managers.

The Managers may, with a view to protecting the interests of all Holders of the Fund and with the approval of the Trustee, limit the total number of Units which Holders may realise on any Dealing Day to 10% of the total number of Units then in issue (disregarding any Units which have been agreed to be issued). Such limitation shall be applied pro rata to all Holders who have validly requested realisations on such Dealing Day.

Realisations of Units may be suspended in the situations described in paragraph 15.

11.3 Pricing basis and Dealing Deadline

Requests for realisation of Units received and accepted by the Managers or any of their agents or distributors by way of realisation forms or any means of realisation by the Dealing Deadline (i.e. 3 p.m. Singapore time on any Dealing Day) will be transacted on that day at that Dealing Day's Realisation Price. Requests received and accepted by the Managers after the Dealing Deadline or on a day not being a Dealing Day will be transacted on the next Dealing Day.

Units are realised on a forward pricing basis. Therefore, the Realisation Price cannot be ascertained at the time of request. The Realisation Price per Unit shall be the price per Unit ascertained by the Managers by calculating the NAV per Unit as at the Valuation Point in relation to the Dealing Day on which the realisation request is received of the proportion of the Deposited Property then represented by one Unit and truncating the resultant amount to three decimal places (or such other method of adjustment or other number of decimal places as determined by the Managers with the approval of the Trustee). The Managers may, if so required, charge a Realisation Fee which is deducted from the total amount payable to the investor in respect of the realisation of Units (the

“**Gross Realisation Proceeds**”), and the resultant amount (the “**Net Realisation Proceeds**”) will be paid to the investor. The Realisation Fee shall be retained by the Managers for their own benefit and the amount of the adjustment aforesaid shall be retained by the Fund.

The Managers shall be entitled to convert the Realisation Price to a foreign currency at the applicable Rate of Exchange. The cost of the currency exchange, if any, will be borne by the Holder. Currently, the Managers permit the realisation of Units in both Singapore Dollars and US Dollars and will quote the Realisation Price in Singapore Dollars and its equivalent in US Dollars at the applicable Rate of Exchange. In future, the Managers may permit the realisation of Units in any other foreign currency and will in such event, quote the Realisation Price in such currency at the applicable Rate of Exchange.

If a Holder is resident outside Singapore, the Managers shall be entitled to deduct from the total amount which would otherwise be payable on the realisation of Units, to the Holder an amount equal to the excess of the expenses actually incurred over the amount of expenses which would have been incurred if the Holder had been resident in Singapore.

For the avoidance of doubt, should a realisation request for Units be received by the Managers prior to the receipt of the subscription monies in respect of such Units, the Managers may refuse to realise such Units until the Dealing Day following that upon which the subscription monies in respect of such Units have been received by the Trustee.

Bank charges (if any) incurred in respect of a telegraphic transfer of realisation proceeds to a Holder’s bank account will be borne by the Holder.

11.4 Numerical example of the computation of Net Realisation Proceeds

The Net Realisation Proceeds payable to an investor on the realisation of 1,000 Units on a notional Realisation Price of S\$0.900* will be calculated as follows:

1,000 Units Your realisation request	x	S\$0.900 Realisation Price	=	S\$900.00 Gross Realisation Proceeds
S\$900.00 Gross Realisation Proceeds	-	S\$0.00 Realisation Fee (0%)**	=	S\$900.00 Net Realisation Proceeds

* The example above is a hypothesis and is not indicative of any future Realisation Price. The actual Realisation Price will fluctuate according to the then prevailing NAV of the Fund.

** There is currently no Realisation Fee payable for the Fund.

The Net Realisation Proceeds will normally be paid by cheque or credited to the Holder's relevant account, as applicable, within 6 Business Days (or such other period as may be permitted by the Authority) in Singapore of the Dealing Day following the receipt and acceptance of the realisation form by the Managers or their authorised agent or distributor, unless the realisation of Units has been suspended in accordance with the events set out in paragraph 15 of this Prospectus.

12. SWITCHING OF UNITS

The Managers shall be entitled to allow a Holder to switch his Units for units in other collective investment schemes managed by the Managers or for a different class of Units in the Fund (if established) upon such terms and conditions as the Managers may from time to time determine in accordance with the provisions of the Deed.

13. CANCELLATION OF SUBSCRIPTION FOR UNITS

- 13.1 Subject to the provisions of the Deed and to the terms and conditions for cancellation of subscription in the cancellation form to be provided together with the application form for Units, every Holder shall have the right by notice in writing delivered to the Managers or their authorised agents or distributors to cancel his subscription for Units within 7 calendar days (or such longer period as may be agreed between the Managers and the Trustee or such other period as may be prescribed by the Authority) from the date of his initial subscription or purchase of the Units (the "**Cancellation Period**"), provided that where the last day of the time period falls on a Sunday or Public holiday in Singapore, the time period shall be extended to the next calendar day, not being a Sunday or Public holiday in Singapore.
- 13.2 A Holder may choose to realise his Units under paragraph 11 of this Prospectus instead of cancelling his subscription for Units but should note that he will not be able to enjoy the benefits of a cancellation under this paragraph 13 if he chooses to realise his Units (i.e. there will be no refund of the Subscription Fee and the prevailing Realisation Fee, if any, as may be imposed) and the realisation proceeds may be lower than the cancellation proceeds if the appreciation in the value of the Units is less than the aggregate of the Subscription Fee and the prevailing Realisation Fee, if any, as may be imposed.

Investors should refer to the terms and conditions for the cancellation of subscriptions attached to the cancellation form before subscribing for Units.

14. OBTAINING PRICES OF UNITS

The indicative Issue Price and Realisation Price will be published in The Straits Times, The Business Times, Lianhe Zaobao, Today, Teletext and such other foreign publication as the Managers may decide upon and can also be obtained from the Managers' website at uobam.com.sg or any other website designated by the Managers if applicable or by calling the Managers' 24-hour hotline at telephone number 1800 22 22 228. The actual Issue Price and Realisation Price quoted will generally be published 2 Business Days after the relevant Dealing Day in Singapore Dollars.

Investors should note that the frequency of the publication of the prices is dependent on the publication policies of the publisher concerned. Save for publications of the Managers, the Managers do not accept responsibility for any errors on the part of the publisher concerned in the prices published in the newspaper or such other publication or for any non-publication or late publication of prices by such publisher, and will incur no liability in respect of any action taken or loss suffered by investors upon such publication by such publisher.

15. SUSPENSION OF DEALINGS

- 15.1 The Managers or the Trustee may, with the prior written approval of the other, suspend the issue, realisation and valuation of Units in relation to the Fund during:
- (a) any period when the Recognised Market on which any Authorised Investments forming part of the Deposited Property for the time being are listed or dealt in is closed (otherwise than for public holidays) or during which dealings are restricted or suspended;
 - (b) the existence of any state of affairs which, in the opinion of the Managers and the Trustee, might seriously prejudice the interests of the Holders as a whole or of the Deposited Property;
 - (c) any breakdown in the means of communication normally employed in determining the price of any of such Authorised Investments or the current price on the relevant Recognised Market or when for any reason the prices of any of such Authorised Investments or the amount of any liability of the Trustee and/or the Managers for the account of the Fund cannot be promptly and accurately ascertained (including any period when the fair value of a material portion of the Authorised Investments cannot be determined);
 - (d) any period when remittance of moneys which will or may be involved in the realisation of such Authorised Investments or in the payment for such Authorised Investments for the time being constituting the Deposited Property cannot, in the opinion of the Managers and the Trustee, be carried out at normal rates of exchange;
 - (e) any period, whereby subject to the approval of the Trustee, dealing of Units has to be suspended to effect the subdivision or consolidation of Units;
 - (f) any period when the dealing of Units is suspended pursuant to any order or direction of the Authority;
 - (g) any 48 hour period (or such longer period as may be agreed between the Managers and the Trustee) prior to the date of any meeting of Holders (or any adjourned meeting thereof); or

- (h) any period when the business operations of the Managers or the Trustee in relation to the operation of the Fund are substantially interrupted or closed as a result of or arising from pestilence, acts of war, terrorism, insurrection, revolutions, civil unrest, riots, strikes or acts of God.

15.2 Such suspension shall take effect forthwith upon the declaration in writing thereof to the Trustee by the Managers (or, as the case may be, to the Managers by the Trustee) and shall terminate on the day following the first Business Day on which the condition giving rise to the suspension shall have ceased to exist and no other condition under which such suspension is authorised under paragraph 15.1 above shall exist upon the declaration in writing thereof by the Managers (or, as the case may be, the Trustee). Any payment for any Units realised before the commencement of any such suspension but for which payment has not been made before the commencement thereof may, if the Managers and the Trustee so agree, be deferred until immediately after the end of such suspension.

16.2 Expense ratio

The expense ratio of the Fund for financial year ending 31 December 2008 is 2.30% (including performance fee) and 2.27% (excluding performance fee). The expense ratio for the Fund has been calculated in accordance with the guidelines on disclosure of expense ratios issued by the Investment Management Association of Singapore and based on figures in the latest audited accounts of the Fund (dated 31 December 2008).

The following expenses (where applicable) are excluded from the calculation of the above expense ratio:

- (a) brokerage and other transaction costs associated with the purchase and sales of investments (such as registrar charges and remittance fees);
- (b) foreign exchange gains and losses of the Fund, whether realised or unrealised;
- (c) front-end loads or back-end loads and other costs arising from the purchase or sale of a foreign unit trust or mutual fund;
- (d) tax deducted at source or arising from income received, including withholding tax;
- (e) interest expense; and
- (f) dividends and other distributions paid to Holders.

16.3 Turnover ratio

The turnover ratio of the Fund for the financial year ending 31 December 2008 is 71.87% and has been calculated based on the lesser of purchases or sales of underlying investments of the Fund expressed as a percentage of daily average NAV of the Deposited Property.

17. **SOFT DOLLAR COMMISSIONS/ARRANGEMENTS**

The Managers may from time to time receive and/or enter into soft-dollar commissions/arrangements in respect of the Fund. The Managers will comply with applicable regulatory and industry standards on soft-dollars. The soft-dollar commissions/arrangements shall include specific advice as to the advisability of dealing in, or as to the value of any investments, research and advisory services, economic and political analyses, portfolio analyses including valuation and performance measurements, market analyses data and quotation services, computer hardware and software or any other information facilities to the extent that they are used to support the investment decision making process, the giving of advice, or the conduct of research or analysis and custodial service in relation to the investments managed for clients.

Soft-dollar commissions/arrangements shall not include travel, accommodation, entertainment, general administrative goods and services, general office equipment or premises, membership fees, employees' salaries or direct money payment.

The Managers may not accept or enter into soft-dollar commissions/arrangements unless (a) such soft-dollar commissions/arrangements would reasonably assist the Managers in the management of the Fund; (b) the Managers shall ensure at all times that transactions are executed on the best available terms taking into account the relevant market at the time for transactions of the kind and size concerned; and (c) no unnecessary trades are entered into in order to qualify for such soft-dollar commissions/arrangements. The Managers do not, and are not entitled to, retain cash rebates for their own account in respect of rebates earned when transacting in securities for account of the Fund.

18. CONFLICTS OF INTEREST

The Managers are of the view that there is no conflict of interest in managing their other funds and the Fund because of the following structures in place:

- Investment decisions for each fund are made impartially. There are no preferred customers or funds and all accounts are treated equally.
- All investment ideas are shared equally among fund managers.
- The Managers subscribe to the Code of Ethics and the Standards of Professional Conduct as prescribed by the CFA Institute in U.S.A. CFA Institute is the primary professional organisation for security analysts, investment managers and others who are involved in the investment decision-making process. All Certified Financial Analyst charter holders of CFA Institute and candidates who are in pursuit of the charter, including those from Singapore, are expected to comply with CFA Institute standards. The Code of Ethics and the Standards of Professional Conduct are in place to ensure high ethical and professional standards of the investment professionals as well as fair treatment to the investing public.
- In addition, despite the possible overlap in the scope of investments, none of the funds are identical to one another and investment decisions are made according to the individual risk return characteristic of the Fund.
- Most importantly, the Managers' usual fair and unbiased practice is to allocate investment between various funds which place the same orders simultaneously on a pro rata basis. However, should any potential conflicts of interest arise from a situation of competing orders for the same securities, the Managers will adopt an average pricing policy whereby orders that are partially fulfilled on a particular day will be allotted proportionately among the funds based on their respective initial order size and such quantity allotted will be at the average price of such investments on that particular day.

The Managers and the Trustee shall conduct all transactions for and on behalf of the Fund on an arm's length basis.

19. REPORTS

The financial year-end of the Fund is the 31 December. The annual report and annual audited accounts in relation to the Fund shall be prepared and sent to Holders within 3 months of the period to which the report and accounts relate (or such other period as may be permitted by the Authority). The semi-annual report and semi-annual accounts in relation to the Fund shall be prepared and sent within 2 months of the period to which the report and accounts relate (or such other period as may be permitted by the Authority).

20. QUERIES AND COMPLAINTS

All enquiries and complaints about the Fund should be directed to the Managers at:

24 hour Hotline No : 1800 22 22 228
Fax No : 6532 3868
Email : uobam@uobgroup.com

21. OTHER MATERIAL INFORMATION

21.1 Market timing

The Fund is designed and managed to support long-term investments. In this regard, the Managers take a serious view of, and strongly discourage the practice of market timing (that is, investors conducting short-term buying or selling of Units to gain from inefficiencies in pricing) as such practices may cause an overall detriment to the long-term interest of other investors.

In addition, short-term trading in Units increases the total transaction costs of the Fund, such as trading commission and other costs which are absorbed by all other investors. Moreover, the widespread practice of market timing may cause large movements of cash in the Fund which may disrupt the investment strategies to the detriment of long-term investors.

For the reasons set out above, the Managers strongly discourage the practice of market timing and may implement internal measures to monitor and control such practice. If any internal measure to restrict the practice of market timing amounts to a significant change to the Fund (as described in the Code), the Managers will inform Holders of such internal measure not later than one month before its implementation. The Managers intend to review their policy on market timing from time to time in a continuous effort to protect the long-term interests of investors in the Fund.

21.2 Distributions

The Managers shall have the absolute discretion to determine whether a distribution is to be made and, as and when the Managers shall decide, the Managers may by notice in writing direct the Trustee to distribute such part or all of the Net Income of the Fund

and if the Managers deem fit such part or all of the net capital gains realised on the sale of Authorised Investments in relation to the Fund or (in the event that the Income or capital gains of the Fund is insufficient) the capital of the Fund (or a combination of any of the above) in respect of the amount available for distribution referred to in the Deed for each Accounting Period at such time and in accordance with such method of calculations as the Trustee and the Managers may agree having regard to the provisions of the Deed. Where distributions are to be made out of the capital of the Fund, Holders will be notified of the proportion of the distribution which is made out of the capital of the Fund.

21.3 Valuation

Except where otherwise expressly stated in the Deed and subject always to the requirements of the Code, the value of the assets comprised in the Fund with reference to any Authorised Investment which is:

- (a) a Quoted Investment, shall be calculated, as the case may be, by reference to the official closing price, the last known transacted price or the last transacted price (or, with the approval of the Trustee, the last bid price) as at the last official close on such Recognised Market (or at such other time as the Managers may from time to time after consultation with the Trustee determine). Where such Quoted Investment is listed, dealt or traded in more than one Recognised Market, the Managers (or such person as the Managers shall appoint for the purpose) may in their absolute discretion select any one of such Recognised Market for the foregoing purposes and, if there is no such official closing price, last known transacted price or last transacted price, the value shall be calculated by reference to the last available prices quoted by responsible firms, corporations or associations on a Recognised Market at the time of calculation (or at such other time as the Managers may from time to time after consultation with the Trustee determine);
- (b) an Unquoted Investment, shall be calculated by reference to, where applicable: (i) the initial value thereof being the amount expended in the acquisition thereof; (ii) the price of the relevant Investment as quoted by a person, firm or institution making a market in that Investment, if any (and if there shall be more than one such market maker then such market maker as the Managers may designate), as may be determined to represent the fair value of such Investment; or (iii) the sale prices of recent public or private transactions in the same or similar Investments, valuations of comparable companies or discounted cash flow analysis, as may be determined to represent the fair value of such Authorised Investment. In the valuation of such Investment the Managers may take into account relevant factors including without limitation significant recent events affecting the issuer such as pending mergers and acquisitions and restrictions as to saleability or transferability;

If for any reason it becomes impossible or impracticable to carry out any of the provisions of the Deed neither the Managers nor the Trustee shall be under any liability therefor or thereby.
