Prohibition against U.S. investors

Units are being offered and sold outside the United States to persons that are not:

- (ii) “United States persons” (as defined in Section 7701(a)(30) of the U.S. Internal Revenue Code, as amended, and referred to herein as “**U.S. Taxpayers**”). Currently, the term “**U.S. Taxpayer**” includes: a U.S. citizen or resident alien of the United States (as defined for U.S. federal income tax purposes); any entity treated as a partnership or corporation for U.S. tax purposes that is created or organized in, or under the laws of, the United States or any state thereof (including the District of Columbia); any other partnership that may be treated as a U.S. Taxpayer under future U.S. Treasury Department regulations; any estate, the income of which is subject to U.S. income taxation regardless of source; and any trust over whose administration a court within the United States has primary

supervision and all substantial decisions of which are under the control of one or more U.S. fiduciaries. Persons who have lost their U.S. citizenship and who live outside the United States may nonetheless, in some circumstances, be treated as U.S. Taxpayers. Persons who are aliens as to the United States but who have spent 183 days or more in the United States in any of the last two years should check with their tax advisors as to whether they may be considered residents of the United States.

You may be required to declare that you are not a U.S. Taxpayer and that you are neither acquiring Units on behalf of U.S. Taxpayers nor acquiring Units with the intent to sell or transfer them to U.S. Taxpayers.

Foreign Account Tax Compliance Act and Common Reporting Standard (“CRS”)

FATCA

FATCA was enacted in 2010 by the United States Congress as part of the U.S. Hiring Incentives to Restore Employment (HIRE) Act to target non-compliance with tax laws by U.S. Taxpayers using overseas accounts. Under FATCA, financial institutions outside of the U.S. are required to regularly submit information on financial accounts held by U.S. Taxpayers to the U.S. tax authorities. Failure to comply with FATCA may, amongst other things, subject the Fund to U.S. withholding tax on certain types of payments made to the Fund. Accordingly, it is intended that the Fund complies with FATCA.

For the purpose of complying with FATCA, we, the Trustee and/or other service providers of the Fund may be required to report and disclose information on certain investors in the Fund to the U.S. tax authorities and/or such Singapore authority as may be required under Singapore laws and regulations to be implemented as part of any IGA entered into between the U.S. and Singapore¹ in connection with FATCA and/or withhold certain payments to such investors.

CRS

CRS, endorsed by the Organisation for Economic Co-operation and Development (OECD) and the Global Forum for Transparency and Exchange of Information for Tax Purposes, is an internationally agreed standard for the automatic exchange of information on financial accounts between jurisdictions with the objective of detecting and deterring tax evasion through the use of offshore bank accounts.

In Singapore, the Income Tax (International Tax Compliance Agreements) (Common Reporting Standard) Regulations 2016 require financial institutions such as us to conduct due diligence (including the collection, review and retention of financial account information) and report financial account information relating to specified persons from jurisdictions with which Singapore has a “competent authority agreement” (“CAA”) to the Inland Revenue Authority of Singapore (IRAS). Such information may subsequently be exchanged with Singapore’s CAA partners. Singapore may enter into further IGAs, or the relevant authorities may enact further legislation or impose further requirements, which will form part of the CRS.

* * *

You are required to:

- (a) provide such information, documents and assistance in connection with the above or any other tax or other information reporting regime as we and/or the Trustee may require from time to time; and
- (b) notify us or any of our authorised agents or distributors in writing immediately if you are or become a U.S. Taxpayer, or are holding Units for the account of or benefit of a U.S. Taxpayer.

You are also deemed to have consented to us, the Trustee and/or other service providers to the Fund carrying out our/their obligations in reporting and disclosing information on you and your investments to the relevant authorities as described above or pursuant to any other tax or other information reporting regime.

* * *

We may compulsorily realise all or any of your Units in any of the circumstances set out under [paragraph 21.2](#) of this Prospectus.

You may direct your enquiries in relation to the Fund to us or our authorised agents or distributors.

¹ Pursuant to the IGA entered into between Singapore and the U.S. on 9 December 2014, Singapore-based financial institutions (such as us) will report information on financial accounts held by U.S. Taxpayers to the Inland Revenue Authority of Singapore (IRAS), which will in turn provide the information to the U.S. tax authorities.

3. THE TRUSTEE, CUSTODIAN AND ADMINISTRATOR

3.1 The Trustee

The Trustee of the Fund is State Street Trust (SG) Limited, a trust company approved by the Authority under Section 289(1) of the SFA to act as a trustee for collective investment schemes which are authorised under Section 286 of the SFA and constituted as unit trusts. The Trustee is regulated in Singapore by the Authority.

See the Deed for details on the Trustee’s role and responsibilities.

3.2 The custodian

The Trustee has appointed State Street Bank and Trust Company (“**SSBT**”), a trust company organised under the laws of the Commonwealth of Massachusetts and, in respect of such appointment, acting through its Singapore Branch, as the global master custodian of the Fund.

SSBT was founded in 1792 and is a wholly owned subsidiary of State Street Corporation. It is licensed and regulated by the Federal Reserve Bank of Boston. State Street Bank and Trust Company, Singapore Branch, holds a wholesale bank license issued by the Authority and is regulated by the Authority.

SSBT provides custodian services in over 100 markets by utilising its local market custody operations and through its network of sub-custodian banks. SSBT will appoint sub-custodians in those markets where the Fund invests where SSBT does not itself act as the local custodian. SSBT has processes for the initial selection, and ongoing monitoring of its sub-custodians, each of which is chosen based upon a range of factors including securities processing and local market expertise, and must satisfy specific operating requirements in terms of structure, communications, asset servicing and reporting capabilities. All sub-custodians appointed by SSBT must be licensed and regulated under applicable law to provide custodian and related asset administration services, and carry out relevant related or ancillary financial activities, in the relevant market jurisdiction. SSBT will typically seek to select local branches or affiliates of major global financial institutions that provide sub-custodian services in multiple markets, although unique market service requirements may result in the selection of an entity as sub-custodian that is more local in scope.

Other custodians may be appointed from time to time in respect of the Fund or any of its assets.

See paragraph 21.3 below for further details of the custodial arrangement in respect of the Assets of the Fund.

3.3 The administrator

The administrator of the Fund is State Street Bank and Trust Company, acting through its Singapore Branch, which has been appointed by the Managers to provide (i) certain administration and valuation services including accounting and net asset value calculation pursuant to an Administrative Services Agreement, and (ii) certain transfer agency services pursuant to a Transfer Agency and Services Agreement, to the Fund.

4. **OTHER PARTIES**

4.1 The registrar

State Street Bank and Trust Company, acting through its Singapore Branch, has been appointed by the Trustee as registrar of the Fund and will be responsible for keeping the Register. Any Holder may inspect the Register at 168 Robinson Road #33-01, Capital Tower, Singapore 068912 during normal business hours subject to such reasonable restrictions as the registrar may impose.

The Register is conclusive evidence of the number of Units held by a Holder. The entries in the Register shall prevail over the details appearing on any statement of holding, unless the Holder proves to the Trustee’s and our satisfaction that the Register is incorrect.

4.2 The auditors

The auditors of the accounts of the Fund are PricewaterhouseCoopers LLP.

5. **INVESTMENT CONSIDERATIONS**

5.1 Investment objective

- (g) any investment which is not covered by sub-paragraphs (a) to (f) but is selected by us for the purpose of investment of the Assets of the Fund and approved by the Trustee,

provided always that if the Fund is a CPFIS Included Fund, the Authorised Investments shall not include any investment except such investment for the time being approved by the relevant authorities in Singapore for investment by members of the CPF Board pursuant to the CPFIS Regulations or for investment by the Fund to enable it to qualify as a CPFIS Included Fund.

See the Deed for the full meaning of the terms **Quoted Investment**, **Recognised Stock Exchange** and **Unquoted Investment**.

- (a) The Fund may use or invest in FDI's for the purposes of hedging existing positions in a portfolio, efficient portfolio management or a combination of both purposes.
- (b) We will use the commitment approach to determine the Fund's global exposure to FDI's by converting its positions in the FDI's into equivalent positions in the FDI's' underlying assets. Such exposure will be calculated in accordance with the provisions of the Code. We will ensure that the global exposure of the Fund to FDI's or embedded FDI's will not exceed 100% of the Fund's NAV.

- (c) Below is a description of risk management and compliance procedures and controls adopted by us:
- (i) We will implement various procedures and controls to manage the risk of the Fund's assets. Our decision to invest in any particular security or instrument on behalf of the Fund will be based on our judgment of the benefit of such transactions to the Fund and will be consistent with the Fund's investment objective in terms of risk and return.
 - (ii) *Execution of trades.* Prior to each trade, we will ensure that the intended trade will comply with the stated investment objective, focus, approach and restrictions (if any) of the Fund, and that best execution and fair allocation of trades are done. Our middle office department will conduct periodic checks to ensure compliance with the investment objective, focus, approach and restrictions (if any) of the Fund. If there is any non-compliance, our middle office department is empowered to instruct the relevant officers to rectify the same. Any non-compliance will be reported to higher management and monitored for rectification.
 - (iii) *Liquidity.* If there are any unexpectedly large realisations of Units, it is possible that the assets of the Fund may be forced to be liquidated at below their fair and expected value, especially in illiquid public exchanges or over-the-counter markets. We will ensure that a sufficient portion of the Fund will be in liquid assets such as cash and cash-equivalents to meet expected realisations, net of new subscriptions.
 - (iv) *Counterparty exposure.* The Fund may have credit exposure to counterparties by virtue of positions in FDIs and other financial instruments held by the Fund. To the extent that a counterparty defaults on its obligations and the Fund is delayed or prevented from exercising its rights with respect to the investments in its portfolio, it may experience a decline in the value of its assets and in its income stream and incur extra costs associated with the exercise of its financial rights. Subject to the provisions of the Code, we will restrict our dealings with counterparties to entities that have a minimum long-term issuer credit rating of above BB+ by Standard and Poor's, an individual rating of above C or viability ratings of above bbb by Fitch Inc., a baseline credit assessment of above a3 by Moody's Investors Service or an equivalent rating from any other reputable rating agency. If any approved counterparty fails this criterion subsequently, we will take steps to unwind the Fund's position with that counterparty as soon as practicable.
 - (v) *Volatility.* To the extent that the Fund has exposure to FDIs that allow a larger amount of exposure to a security for no or a smaller initial payment than the case where the investment is made directly into the underlying security, the value of the Fund's assets will have a higher degree of volatility. The Fund may use FDIs for hedging purposes to reduce the overall volatility of the value of its assets. At the same time, we will ensure that the global exposure of the Fund to FDIs and embedded FDIs will not exceed the NAV of the Fund, as stated in paragraph (b) above.
 - (vi) *Valuation.* The Fund may have exposure to over-the-counter FDIs that are difficult to value accurately, particularly if there are complex positions involved. We will ensure that independent means of verifying the fair value of such instruments are available, and will conduct such verification at an appropriate frequency.
- (d) We will ensure that the risk management and compliance procedures and controls adopted by us are adequate and have been implemented, and that we have the necessary expertise to control and manage the risks relating to the use of FDIs. We may modify the risk management and compliance procedures and controls as we deem fit and in the interests of the Fund, but subject always to the requirements under the Code.
- (e) The Fund may net its over-the-counter derivative positions with a counterparty through bilateral contracts for novation or other bilateral agreements with the counterparty, provided that such netting arrangements satisfy the relevant conditions described in the Code.
- (f) Where the Fund uses or invests in FDIs on commodities, all such transactions shall be settled in cash at all times.

6. INCLUSION UNDER THE CPF INVESTMENT SCHEME

- 6.1 The Fund is included under the CPFIS-Ordinary Account. However, we no longer accept any application for subscriptions, switches or RSP subscriptions into the Fund using CPF monies with effect from 1 April 2008. Accordingly, all provisions in this Prospectus relating to the use of CPF monies in respect of the Fund (including, without limitation, under paragraphs 9 and 10) do not apply with effect from 1 April 2008.

The Fund is classified by the CPF Board under the risk classification of “Higher Risk-Narrowly Focused-Regional-Asia”.

- 6.2 The CPF interest rate for the CPF Ordinary Account is based on the 12-month fixed deposit and month-end savings rates of the major local banks. Under the Central Provident Fund Act, Chapter 36 of Singapore, the CPF Board pays a minimum interest of 2.5% per annum when this interest formula yields a lower rate.

From 1 January 2008, the new interest rate for the Special, Medisave and Retirement Accounts (“SMRA”) will be pegged to the yield of 10-year Singapore government bond plus 1%. The minimum interest rate for the SMRA is 4.0% per annum and is reviewed annually.

In addition, from 1 January 2008, the CPF Board will pay an extra interest rate of 1% per annum on the first S\$60,000 of a CPF member’s combined balances, including up to S\$20,000 in the CPF Ordinary Account. From 1 April 2008, the first S\$20,000 in both the CPF Ordinary and Special Accounts will not be allowed to be invested under the CPFIS. The S\$20,000 investment threshold under the CPF Special Account has been raised to S\$30,000 from 1 May 2009 and further raised to S\$40,000 from 1 July 2010. There is no change to the requirement for members to set aside S\$20,000 in the CPF Ordinary Account before they can invest their CPF Ordinary Account monies.

The applicable interest rates for each of the CPF accounts may be varied by the CPF Board from time to time.

Subscriptions using CPF monies are subject to the CPFIS regulations and conditions imposed by the CPF Board from time to time.

Each fee or charge may amount to or exceed 0.1% p.a., depending on the proportion that bears to the NAV of the Fund. Based on the audited accounts and the average NAV of the Fund for the financial year ended 30 June 2017: <ul style="list-style-type: none"> • Audit fee: less than 0.1%. • Custodian fee: less than 0.1%. • Transaction costs: 0.42%. • Other fees and charges: 0.42%.

- (1) If you switch your Units to units of another fund managed by us (“**New Fund**”), we will charge you the switching fee instead of the subscription fee for the New Fund. If the subscription fee for the New Fund is more than the switching fee, you are effectively receiving a discount on the New Fund’s subscription fee.
- (2) Transaction costs (which do not include the transaction fees mentioned below) include all expenses relating to the purchase and sale of financial instruments.
- (3) Other fees and charges may include transaction fees payable to the custodian (the amount of which will depend on the number of transactions carried out and the place at which such transactions are effected), printing costs, professional fees, goods and services tax and other out-of-pocket expenses.

7.3 Any Subscription Fee and Realisation Charge will be retained by us for our own benefit and will not form part of the Assets of the Fund. All or part of the Subscription Fee may also be paid to or retained by our authorised agents or distributors. We will also pay any other commission, remuneration or sum payable to such authorised agents or distributors in respect of the marketing of Units. Moreover, the authorised agents and distributors through whom you subscribe for Units may (depending on the specific nature of services provided) impose other fees and charges that are not disclosed in this Prospectus, and you should check with the relevant agent or distributor on such fees and charges, if any.

7.4 We may at any time differentiate between investors as to the amount of the Subscription Fee, Realisation Charge, switching fee and other charges (if any) payable to us upon the issue, realisation or switch of Units, or apply such discounts or waivers as we think fit (provided that such discounts will be borne by us and not by the Fund).

8. RISKS

8.1 General risks

- (a) You should consider and satisfy yourself as to the risks of investing in the Fund.
- (b) Generally, some of the risk factors you should consider are market risks, credit risks of issuers, foreign exchange risks, repatriation risks, political risks, liquidity risks and derivatives risks.
- (c) You should be aware that the price of Units and the income accruing from them may fall or rise and you may not get back your original investment. There is no guarantee that the investment objective of the Fund will be achieved.
- (d) Investment in the Fund is not meant to produce returns over the short term and you should not expect to obtain short-term gains from such investment.
- (e) ***The general and specific risks described in this paragraph 8 are not exhaustive and you should be aware that the Fund may be exposed to other risks of an exceptional nature from time to time.***

8.2 Specific risks

(a) *Market risk*

You should consider and satisfy yourself as to the usual risks of investing and participating in publicly traded securities. Prices of securities may go up or down in response to changes in economic conditions, interest rates and the market’s perception of securities which in turn may cause the value of Units to rise or fall.

Furthermore, some of the markets or exchanges on which the Fund may invest may prove to be illiquid or highly volatile from time to time and this may affect the price at which the Fund may liquidate its positions to meet realisation requests.

(b) *Equity risk*

The Fund invests in stocks and other equity securities which are subject to market risks that historically have resulted in greater price volatility than that experienced by bonds and other fixed income securities. This in turn may affect the value or volatility of the Fund.

(c) *Foreign exchange risk*

The Fund is denominated in SGD. Where the Fund makes investments which are denominated in foreign currencies, fluctuations of the exchange rates of other foreign currencies against the SGD may affect the value of the Units. In our management of the Fund, we may hedge the foreign currency exposure and may adopt an active currency management approach. However, the foreign currency exposure of the Fund may not be fully hedged depending on the circumstances of each case. Such circumstances include but are not limited to the outlook, hedging costs and market liquidity of the relevant currency.

(d) *Political risk*

The Fund's investments may be adversely affected by political instability as well as exchange controls, changes in taxation, foreign investment policies, restrictions on repatriation of investments and other restrictions and controls which may be imposed by the relevant authorities in the relevant countries.

(e) *Derivatives risk*

As the Fund may use or invest in FDIs, it will be subject to risks associated with such FDIs. FDIs include foreign exchange forward contracts and equity index future contracts. An investment in a FDI may require the deposit of an initial margin and additional deposit of margin on short notice if the market moves against the investment position. If the required margin is not provided in time, the investment may be liquidated at a loss. Therefore, it is essential that investments in FDIs are monitored closely. We have controls for investments in FDIs and have in place systems to monitor the FDI positions of the Fund. See [paragraph 5.8](#) for more information on our risk management procedures on the use of FDIs.

(f) *Liquidity risk of investments*

Investments by the Fund in some Asian and/or emerging markets often involve a greater degree of risk due to the nature of such markets which do not have fully developed services such as custodian and settlement services often taken for granted in more developed markets. There may be a greater degree of volatility in such markets because of the speculative element, significant retail participation and lack of liquidity which are inherent characteristics of these markets.

(g) *Single country, sector and regional risk*

While investments in single country, single sector or regional funds may present greater opportunities and potential for capital appreciation, such funds may be subject to higher risks as they may be less diversified than a global portfolio.

(h) *Exceptional market conditions risk*

Under certain market conditions such as during volatile markets or crisis situations or where trading on the relevant stock exchange is suspended, restricted or otherwise impaired, it may be difficult or impossible to liquidate or rebalance positions. During such times, the Fund may be unable to dispose of certain assets due to thin trading or lack of a market or buyers. Placing a stop-loss order may not necessarily limit the Fund's losses to intended amounts as market conditions may make it impossible to execute such order at the ideal price. In addition, such circumstances may force the Fund to dispose of assets at reduced prices, thereby adversely affecting the Fund's performance. Investments may also be difficult to value with any degree of accuracy or certainty. The dumping of securities in the market could further deflate prices. If the Fund incurs substantial trading losses, the need for liquidity could rise sharply at the same time that access to liquidity is impaired. Further, in a market downturn, the financial conditions of the Fund's counterparties could be weakened, thereby increasing the Fund's credit risk.

(i) *Actions of institutional investors*

The Fund may accept subscriptions from institutional investors and such subscriptions may constitute a large portion of the total investments in the Fund. While these institutional investors will not have any control over the investment decisions for the Fund, the actions of such investors may have a material effect on the Fund. For example, substantial realisations of Units by an institutional investor over a short period of time could necessitate the liquidation of the Fund's assets at a time and in a manner which does not provide

maximum economic advantage to the Fund and which could therefore adversely affect the value of the Fund's assets.

(j) *Counterparty risk*

The Fund is exposed to the risk that a counterparty may default on its obligations to perform under a particular contract. If a counterparty becomes bankrupt or insolvent, the Fund could experience delays in liquidating an investment and may therefore incur significant losses, including losses resulting from a decline in the value of the investment during the period in which the Fund seeks to enforce its rights. The Fund may also be unable to realise any gains on the investment during such period and may incur fees and expenses to enforce its rights. There is also a risk that counterparty contracts may be terminated earlier due to, for instance, bankruptcy, supervening illegality or change in the tax or accounting laws relative to those laws existing at the time the contracts were entered into.

(k) *Broker risk*

We may engage the services of third party securities brokers and dealers to acquire or dispose the investments of the Fund and to clear and settle its exchange traded securities trades. In selecting brokers and dealers and in negotiating any commission involved in our transactions with them, we consider, amongst other things, the range and quality of the professional services provided by such brokers and dealers and their credit standing and licensing or regulated status.

It is possible that the brokers or dealers engaged for the Fund may encounter financial difficulties that may impair the Fund's operational capabilities. If a broker or dealer fails or becomes insolvent, there is a risk that the Fund's orders may not be transmitted or executed and its outstanding trades made through the broker or dealer may not settle.

(l) *Investment management risk*

Investment performance depends on the portfolio management team and the team's investment strategies. If the investment strategies do not perform as expected, if opportunities to implement those strategies do not arise, or if the team does not implement its investment strategies successfully, an investment portfolio may underperform or suffer significant losses.

(m) *Risk of using rating agencies and other third parties*

Credit ratings of instruments invested into by the Fund represent our and/or rating agencies' opinion regarding the credit quality of the instrument or the institution and are not a guarantee of quality. Rating methodologies generally rely on historical data, which may not be predictive of future trends and adjustments to credit ratings in response to subsequent changes in circumstances may take time. When a debt security is rated, the downgrading of such debt security could decrease the value and liquidity of the security.

Where we rely on ratings issued by credit rating agencies, we have established a set of internal credit assessment standards and have put in place a credit assessment process to ensure that the Fund's investments are in line with these standards. Information on our credit assessment process will be made available to investors upon request.

We may rely, without independent investigation, upon pricing information and valuations furnished to the Fund by third parties, including pricing services and independent brokers/dealers. Their accuracy depends on these parties' methodology, due diligence and timely response to changing conditions. We will not be responsible for any failures by such parties in their valuations.

9.4 Numerical example of calculation of Units allotted

The number of Units you will receive with an investment of S\$1,000.00 will be calculated as follows:

S\$1,000.00	-	S\$50.00	=	S\$950.00
Gross Investment Amount		Subscription Fee (5%)*		Net Investment Amount
S\$950.00	÷	S\$1.000*	=	950.00**
Net Investment Amount		Issue price		Number of Units allotted

* Based on an issue price of S\$1.000 and a Subscription Fee of 5%. This example is a hypothetical and is not indicative of any future issue price. The actual issue price will fluctuate according to the NAV of the Fund.

** The number of Units to be issued will be rounded down to 2 decimal places. We may use another method of adjustment or number of decimal places with the approval of the Trustee.

9.5 Cancellation of subscription

Subject to the provisions of the Deed and the terms and conditions for cancellation of subscription in the cancellation form provided together with the application form for Units, you may cancel your subscription for Units by giving written notice or by submitting the cancellation form (whichever is applicable) to us or our authorised agents or distributors within 7 calendar days². However, you will take the risk of any change in the price of your Units since the date of your subscription and pay any bank charges, administrative or other fees imposed by the relevant authorised agent or distributor.

Instead of cancelling your subscription, you may choose to realise your Units in accordance with paragraph 11, but you will not enjoy the benefits of cancellation under this paragraph (i.e. the Subscription Fee will not be refunded and a Realisation Charge (if any) may be imposed). Further, the Net Realisation Proceeds may be lower than the cancellation proceeds if any appreciation in the value of the Units is less than the aggregate of the Subscription Fee and Realisation Charge (if any) imposed.

See the terms and conditions for cancellation of subscriptions in the cancellation form before subscribing for Units.

Pricing basis:	Units are realised on a forward pricing basis.

Realisation price:	<p>The realisation price per Unit shall be ascertained by:</p> <p>(a) dividing the NAV of the Fund as at the Valuation Point in relation to the Dealing Day on which the realisation request is dealt with by the number of Units then in issue and deemed to be in issue; and</p> <p>(b) truncating the resultant amount to 3 decimal places.</p> <p>We may use another method of determination or adjustment or number of decimal places with the approval of the Trustee.</p> <p>Any adjustments shall be retained by the Fund.</p>
Deduction of Realisation Charge:	A Realisation Charge may be deducted from the Gross Realisation Proceeds, and the Net Realisation Proceeds will be paid to you.

Other salient terms:	<ul style="list-style-type: none"> You will bear all bank charges incurred for any telegraphic transfer of realisation proceeds to your designated bank account. If you are resident outside Singapore, we will deduct from your Gross Realisation Proceeds any expenses actually incurred by us over the amount of expenses which we would have incurred if you had been resident in Singapore. If we receive and accept a realisation request for Units before the Trustee receives your subscription monies for such Units, we may refuse to realise such Units until the next Dealing Day after the Dealing Day on which your subscription monies for such Units are received by the Trustee. Subject to the prior approval of the Trustee, we may change the method of determining the realisation price and the Trustee shall determine if the Holders should be informed of such change.

11.2 Numerical example of calculation of Net Realisation Proceeds

The Net Realisation Proceeds payable to you on the realisation of 1,000 Units will be calculated as follows:

1,000 Units	x	S\$0.900*	=	S\$900.00
Your realisation request		Realisation price		Gross Realisation Proceeds
S\$900.00	-	S\$0.00	=	S\$900.00
Gross Realisation Proceeds		Realisation Charge (0%)*		Net Realisation Proceeds

* Based on a realisation price of S\$0.900. There is currently no Realisation Charge payable for the Fund. This example is a hypothetical and is not indicative of any future realisation price. The actual realisation price will fluctuate according to the NAV of the Fund.

11.3 Limitation on realisation

We may, with the approval of the Trustee and subject to the provisions of the Deed, limit the total number of Units to be realised by the Holders or cancelled by us on any Dealing Day to 10% of the total number of Units of the Fund then in issue. Such limitation will be applied proportionately to all Holders who have validly requested realisations on such Dealing Day and to us.

Any Units which are not realised or cancelled will be realised or cancelled on the next Dealing Day, provided that if the number of Units to be realised or cancelled still exceeds such limit, we may continue to carry forward the realisation/cancellation requests in the same manner, until such time as the total number of Units to be realised or cancelled on a Dealing Day falls within such limit.

If realisation requests are so carried forward and you are affected, we will notify you within 7 Business Days. Realisation requests which have been carried forward from an earlier Dealing Day shall be dealt with in priority to later requests.

11.4 Compulsory realisations

We may compulsorily realise your holding of Units in certain circumstances. See [paragraph 21.2](#) for further details.

12. SWITCHING OF UNITS

How to switch your Units:	You may request to switch your Units for units of any other Group Fund (the “ new units ”) by giving us or our authorised agents or distributors a switching request in the prescribed form.
When switches are made:	Switches will only be made on a day (“ Common Dealing Day ”) which is both a Dealing Day for your Units and a dealing day for the new units. For requests received and accepted by us or our authorised agents or distributors by the Dealing Deadline of a Common Dealing Day, Units will be switched on that Common Dealing Day. For requests received and accepted after the Dealing Deadline or on a day that is not a Common Dealing Day, Units will be switched on the next Common Dealing Day.
How switches are carried out:	A switch of Units will be effected as follows: (a) your Units will be realised at the realisation price calculated under paragraph 11 ; (b) the net realisation proceeds shall then be used (after deducting any switching fee payable) to subscribe for new units at the prevailing issue price of such new units. For the purposes of the switch, we may waive in whole or in part the subscription fee for the new units and/or the Realisation Charge (if any).

Other salient terms:	<ul style="list-style-type: none"> • Switches will be at our discretion. • You may withdraw a switching request only with our consent. • Switching is subject to the CPFIS Regulations, the terms of the Deed and the constitutive documents of the Group Fund, including the provisions relating to the issue and realisation of Units. • Switches will not be allowed if it results in you holding Units below any applicable minimum holding. • Switches will not be allowed during any period where the realisation of Units has been limited or suspended in accordance with <u>paragraphs 11.3 or 14</u>, or when the issue of new units is suspended. • Units purchased with cash, CPF monies or SRS monies (as the case may be) may only be switched to new units which may be purchased with the same payment method. • Neither we nor the Trustee shall have responsibility or liability to ensure that the provisions of the constitutive documents of the Group Fund relating to the issue, realisation or switching of units are complied with.

- (j) such other circumstances as may be required under the provisions of the Code.

14.2 Subject to the provisions of the Code, we and/or the Trustee (as the case may be) may from time to time also suspend the issue and/or realisation of Units in certain situations as set out in the Deed.

14.3 Subject to the provisions of the Code, any such suspension will take effect upon our written declaration to the Trustee (or vice versa, as the case may be) and will end as soon as practicable when the condition giving rise to the suspension no longer exists and no other condition under which suspension is authorised under this [paragraph 14](#) or the applicable provisions of the Deed exists upon our (or, as the case may be, the Trustee's) written declaration of the same and in any event, within such period as may be prescribed by the Code. The period of suspension may be extended in accordance with the Code.

16. **SOFT DOLLAR COMMISSIONS/ARRANGEMENTS**

Subject to the provisions of the Code, we may from time to time receive or enter into soft dollar commissions/arrangements in our management of the Fund. We will comply with applicable regulatory and industry standards on soft dollars. The soft dollar commissions/arrangements may include specific advice as to the advisability of dealing in, or the value of any investments, research and advisory services, economic and political analyses, portfolio analyses including valuation and performance measurements, market analyses, data and quotation services, computer hardware and software or any other information facilities to the extent that they are used to support the investment decision making process, the giving of advice, or the conduct of research or analysis, and custodial service in relation to the investments managed for clients.

Soft dollar commissions/arrangements will not include travel, accommodation, entertainment, general administrative goods and services, general office equipment or premises, membership fees, employees' salaries or direct money payment.

We will not accept or enter into soft dollar commissions/arrangements unless (a) such soft dollar commissions/arrangements can reasonably be expected to assist us in the management of the Fund, (b) best execution is carried out for the transactions, and (c) no unnecessary trades are entered into in order to qualify for such soft dollar commissions/arrangements.

We do not, and are not entitled to, retain cash or commission rebates for our own account in respect of rebates earned when transacting in securities for account of the Fund.

17. **CONFLICTS OF INTEREST**

17.1 Managers' conflicts of interest disclosures

We are of the view that there is no conflict of interest in our management of other funds and the Fund because of the following structures in place:

- (a) Investment decisions for each fund are made impartially. There are no preferred customers or funds and all accounts are treated equally.
- (b) All investment ideas are shared equally among fund managers.
- (c) We subscribe to the Code of Ethics and the Standards of Professional Conduct as prescribed by the Chartered Financial Analyst Institute ("**CFA Institute**") in the United States of America. The CFA Institute is the primary professional organisation for security analysts, investment managers and others who are involved in the investment decision-making process. All charter holders of the CFA Institute and candidates who are in pursuit of the charter, including those from Singapore, are expected to comply with CFA Institute standards. The Code of Ethics and the Standards of Professional Conduct are in place to ensure high ethical and professional standards of investment professionals as well as fair treatment of the investing public.

- (d) Despite the possible overlap in the scope of investments, none of the funds are identical to one another and investment decisions are made according to the individual risk-return characteristic of the relevant fund.
- (e) Most importantly, our usual fair and unbiased practice is to allocate investments proportionately between various funds which place the same orders simultaneously. However, if there are any potential conflicts of interests due to competing orders for the same securities, we will adopt an average pricing policy whereby orders that are partially fulfilled on a particular day will be allotted proportionately among the funds based on their respective initial order size and such quantity allotted will be at the average price of such investments on that particular day.

We shall conduct all transactions with or for the Fund on an arm's length basis.

Save as provided in the Deed, our associates may be engaged to provide banking, brokerage, financial or other services to the Fund or buy, hold and deal in any investments, enter into contracts or other arrangements with the Trustee or us and make profits or derive benefits from these activities. Such services to the Fund, where provided, and such activities with the Trustee or us, where entered into, will be on an arm's length basis.

We and our related entities, officers or employees may from time to time invest and deal in Units in the Fund for each of our respective individual accounts or (in our case and in the case of our related entities) for the account of another person (including, without limitation, our and our related entities' other clients).

In such an event, we will have regard to our obligations to the Fund and, in particular, our obligation to act in the best interests of the Fund and its Holders so far as practicable, having regard to applicable laws and our obligations to our other clients. If a conflict of interest does arise, we will endeavour to ensure that such conflict is resolved fairly.

Subject to the provisions of the Code, we may from time to time:

- (i) invest monies of the Fund in the securities of any of our related corporations (as defined in Section 4 of the Companies Act, Chapter 50 of Singapore) (each, a "**related corporation**");
- (ii) invest monies of the Fund in other collective investment schemes managed by us or our related corporations; and
- (iii) deposit monies of the Fund in the ordinary course of business of the Fund with our related corporations which are banks licensed under the Banking Act, Chapter 19 of Singapore, finance companies licensed under the Finance Companies Act, Chapter 108 of Singapore, merchant banks approved as financial institutions under Section 28 of the Monetary Authority of Singapore Act, Chapter 186 of Singapore or any other deposit-taking institution licensed under an equivalent law in a foreign jurisdiction.

We will endeavour to ensure that such investments and deposits are made on normal commercial terms and are consistent with the investment objective, focus and approach of the Fund.

17.2 Trustee's conflicts of interest disclosures

The Trustee shall conduct all transactions with or for the Fund on an arm's length basis.

The Trustee, the registrar and the custodian may from time to time act as trustee, administrator, registrar or custodian or otherwise as may be required from time to time in relation to, or be otherwise involved in or with, other funds and clients which have similar investment objectives to those of the Fund. It is, therefore, possible that any of them may, in the course of business, have potential conflicts of interest with the Fund. Each will, at all times, have regard in such event to its obligations to the Fund and will endeavour to ensure that such conflicts are resolved fairly and taking into account Holders' interests.

The services of the Trustee provided to the Fund are not deemed to be exclusive and the Trustee shall be free to render similar services to others (including those that may compete with (or have a similar objective to) the business of the Fund) so long as its services hereunder are not impaired thereby and to retain for its own use and benefit all appropriate fees and benefits. Conflicts of interest will likely arise from the fact that State Street is engaged in a wide variety of businesses and will provide services to many clients with the same or different objectives. The Trustee and its related parties shall not be deemed to be affected with notice of or to be under any

duty to disclose to the Fund any fact or information which comes to the notice of the Trustee in the course of the Trustee rendering similar services to other parties or in the course of its business in any other capacity, otherwise than in the course of carrying out its duties under the Deed or as required by any applicable laws and regulations for the time being in force.

Save as provided in the Deed, the associates of the Trustee may be engaged to provide banking, brokerage, financial or other services to the Fund or buy, hold and deal in any investments, enter into contracts or other arrangements with the Trustee or the Managers and make profits or derive benefits from these activities. Such services to the Fund, where provided, and such activities with the Trustee or the Managers, where entered into, will be on an arm's length basis. In particular:

- (a) State Street Bank and Trust Company, acting through its Singapore Branch, a party related to the Trustee, has been appointed as custodian of the Fund. The custodian may also appoint related parties as sub-custodians. Cash will be placed with the custodian as banker or may, at the discretion of the Managers, be invested in certificates of deposit or banking instruments issued by a related party of the Trustee, including the custodian. Money may also be borrowed by the Fund from a State Street entity. In its capacities as custodian and banker, State Street will earn fees/interest for such services and may receive other benefits in connection with such services.
- (b) Where foreign exchange transactions, including but not limited to spot, forward or swap transactions (collectively "**foreign exchange transactions**"), are entered into for or on behalf of the Fund with an affiliate of the Trustee (a "**State Street counterparty**"), the State Street counterparty will enter into such transaction as principal counterparty and not as agent or fiduciary for the Trustee, the Managers or the Fund and such State Street counterparty shall be entitled to retain for its own use and benefit any benefit which it may derive from any such foreign exchange transactions or the holding of any cash in connection with such transactions. Foreign exchange transactions may also be entered into for or on behalf of the Fund with counterparties other than a State Street counterparty.

18. REPORTS

20. OTHER MATERIAL INFORMATION

20.1 Market timing

The Fund is not designed and managed to support short-term investments. In this regard, we take a serious view of, and strongly discourage the practice of market timing (that is, investors conducting short-term buying or selling of Units to gain from inefficiencies in pricing) as such practices may cause an overall detriment to the long-term interests of other investors.

In addition, short-term trading in Units increases the total transaction costs of the Fund, such as trading commission and other costs which are absorbed by all other investors. Moreover, the widespread practice of market timing may cause large movements of cash in the Fund, which may disrupt the investment strategies to the detriment of long-term investors.

For the reasons set out above, we may implement internal measures to monitor and control the practice of market timing. If any internal measure to restrict the practice of market timing amounts to a significant change to the Fund (as provided in the Code), we will inform the relevant Holders of such internal measure not later than one month before its implementation. We intend to review our policy on market timing from time to time in a continuous effort to protect the long-term interests of investors in the Fund.

20.2 Information on investments

At the end of each quarter, you will receive a statement showing the value of your investments in the Fund. If you conduct any transaction(s) within a particular month, you will receive an additional statement at the end of that month.

20.3 Indemnities

We and the Trustee are entitled to be indemnified out of or have recourse to the assets of the Fund in accordance with the terms of the Deed. See the Deed for further details.

21. PROVISIONS OF THE DEED

Some of the provisions of the Deed are set out below. *See the Deed for the full terms and conditions of the Fund.*

21.1 Valuation

Except where otherwise expressly stated in the Deed and subject always to the provisions of the Code, the value of the Assets of the Fund or any part thereof or any Investment comprised or to be comprised therein which is:

- (a) a Quoted Investment, shall be calculated, as the case may be, by reference to the official closing price, the last known transacted price or the last transacted price (or, with the prior approval of the Trustee, the last bid price) as at the last official close on the relevant Recognised Stock Exchange or OTC Market (or at such other time as the Managers may from time to time after consultation with the Trustee determine). Where such Quoted Investment is listed, dealt or traded in more than one Recognised Stock Exchange or OTC Market, the Managers (or such person as the Managers may appoint for the purpose) may in their absolute discretion select any one of such Recognised Stock Exchange or OTC Market for the foregoing purposes and, if there is no such official closing price, last known transacted price or last transacted price, the value shall be calculated by reference to the last available prices quoted by responsible firms, corporations or associations on a Recognised Stock Exchange or an OTC Market at the time of calculation (or at such other time as the Managers may from time to time after consultation with the Trustee determine);
- (b) an Unquoted Investment, shall be calculated by reference to, where applicable: (i) the initial value thereof being the amount expended in the acquisition thereof; (ii) the price of the relevant Investment as quoted by a person, firm or institution making a market in that Investment, if any (and if there shall be more than one such market maker, then such market maker as the Managers may designate), as may be determined by the Managers to represent the fair value of such Investment; (iii) the sale prices of recent public or private transactions in the same or similar Investments, valuations of comparable companies or discounted cash flow analysis, as may be determined by the Managers to represent the fair value of such Investment. In the valuation of such Investment the Managers may take into account relevant factors including, without

limitation, significant recent events affecting the issuer such as pending mergers and acquisitions and restrictions as to saleability or transferability;

- (c) cash, deposits and similar assets shall be valued (by a person approved by the Trustee as qualified to value such cash, deposits and similar assets) at their face value (together with accrued interest) unless, in the opinion of the Managers (after consultation with the Trustee), any adjustment should be made to reflect the value thereof;
- (d) a unit or share in a unit trust scheme or mutual fund or collective investment scheme shall be valued at the latest published or available net asset value per unit or share, or if no net asset value per unit or share is published or available, then at their latest available realisation price; and
- (e) an Investment, other than as described above, shall be valued (by a person approved by the Trustee as qualified to value such an Investment) in such manner and at such time as the Managers after consultation with the Trustee shall from time to time determine,

Provided That if the quotations referred to in paragraphs (a) to (e) above are not available, or if the value of the Assets of the Fund or any part thereof or any Investment comprised or to be comprised therein determined in the manner described in paragraphs (a) to (e) above, is in the opinion of the Managers, not representative, then the value shall be such value as the Managers may with due care and in good faith consider in the circumstances to be fair and is approved by the Trustee. The Managers shall notify the Holders of such change if required by the Trustee. For the purposes of this proviso, the “**fair value**” shall be determined by the Managers in consultation with an approved stockbroker or an approved valuer and with the approval of the Trustee, in accordance with the Code. Where the fair value of a material portion of the Assets of the Fund cannot be determined, the Managers shall, subject to the provisions of the Code, suspend valuation and dealing in the Units.

See the Deed for more details on the valuation policy of the Fund.

21.2 Compulsory realisations

The Managers have the right (in consultation with the Trustee) to compulsorily realise any holdings of Units in the Fund held by:

- (a) any Holder:
 - (i) whose subscription for or holding of Units, in the opinion of the Managers, is or may be in breach of any applicable law or regulation in any jurisdiction; or
 - (ii) where such realisation is, in the opinion of the Managers, necessary or desirable for the compliance of the Managers or the Fund with any applicable law or regulation in any jurisdiction (including any regulatory exemption conditions); or
- (b) any Holder whose holdings, in the opinion of the Managers:
 - (i) may cause the Fund to lose its authorised or registered status with any regulatory authority in any jurisdiction; or
 - (ii) may cause the offer of the Units of the Fund, the Fund, this Prospectus, the Deed, the Managers or the Trustee to become subject to any authorisation, recognition, approval or registration requirements under any law or regulation in any other jurisdiction; or
- (c) any Holder whose holdings, in the opinion of the Managers:
 - (i) may cause a detrimental effect on the tax status of the Fund in any jurisdiction or on the tax status of the Holders of the Fund; or
 - (ii) may result in the Fund or other Holders of the Fund suffering any other legal or pecuniary or administrative disadvantage which the Fund or Holders might not otherwise have incurred or suffered; or

- (d) any Holder who fails any anti-money laundering, anti-terrorist financing or know-your-client checks, or where information and/or documentary evidence requested by the Managers and/or the Trustee for the purposes of any anti-money laundering, anti-terrorist financing or know-your-client checks cannot be obtained from the Holder (or the Holder has failed to provide the same) in a timely manner; or
- (e) any Holder, where information (including but not limited to information regarding tax status, identity or residency), self-certifications or documents as may be requested by the Managers and/or the Trustee pursuant to laws, regulations, guidelines, directives or contractual obligations with other jurisdictions' authorities (including, without limitation, the FATCA and/or any Singapore laws, regulations, guidelines and directives implemented as part of any IGA entered into between the U.S. and Singapore in connection with FATCA) cannot be obtained from the Holder, or the Holder has failed to provide the same, in a timely manner; or
- (f) any Holder who does not consent, or withdraws his consent, for the Managers or the Trustee to collect, use and/or disclose information or data relating to the Holder, where (in the opinion of the Managers or the Trustee) such information or data is necessary or desirable for the Managers, the Trustee, their respective related corporations and/or other service providers to perform their respective services and/or duties to or in respect of the Fund and/or the Holder.

Any compulsory realisation under this paragraph may be carried out by the Managers on any Dealing Day, with prior notice to the relevant Holder, and shall be carried out in accordance with, and at the realisation price determined under, the applicable provisions on realisations in the Deed.

If the Managers and/or the Trustee are required to account to any duly empowered fiscal authority of Singapore or elsewhere for any income or other taxes, charges or assessments whatsoever on the value of any Units held by a Holder, the Managers (in consultation with the Trustee) shall be entitled, at any time with prior notice to that Holder, to realise such number of Units held by that Holder as may be necessary to discharge the liability arising. The Managers and/or the Trustee (as the case may be) shall be entitled to apply the proceeds of such realisation in payment, reimbursement and/or set-off against the liability.

The Managers, the Trustee and their respective delegates, agents or associates shall not be liable for any loss (whether direct or consequential and including, without limitation, loss of profit or interest) or damage suffered by any Holder or any party arising out of or caused in whole or in part by any actions which are taken by the Managers, Trustee and/or any of their respective delegates, agents or associates under this paragraph 21.2.

21.3 Custody of Investments

- (a) Any Investments forming part of the Assets of the Fund shall, if in bearer form, be held by or on behalf of or deposited with the Trustee for the purpose of safe custody. Any Investment in registered form shall, as soon as reasonably practicable after receipt of the necessary documents by the Trustee, be registered in the name of the Trustee or its nominee and shall remain so registered until disposed of pursuant to the provisions of the Deed. The Trustee shall be entitled, if it considers that it is expedient to do so, to cause to be deposited in safe custody with any banker or agent of the Trustee the documents of title to any Investment held upon the trusts of the Deed. Subject as aforesaid the Trustee or its agents upon payment of a fee to be agreed upon shall retain the documents of title to all Investments held upon the trusts of the Deed in its possession in safe custody. Any expense of whatever nature incurred by the Trustee in effecting such registration or providing such safe custody shall be payable out of the Assets of the Fund. Notwithstanding the provisions of Clause 23.1 of the Deed, the Trustee may, for the purpose of securing any borrowings made pursuant to Clause 15.5 of the Deed, cause any Investment forming part of the Assets of the Fund to be deposited with or registered in the name of any banker or person approved by the Managers.
- (b) Acts performed by officer, agent or nominee of Trustee:

With regard to the provisions of the Deed which provides for (a) any act or matter to be done by the Trustee such act or matter may be performed on behalf of the Trustee by an officer of the Trustee or the agent or nominee of the Trustee and (b) the vesting of Authorised Investments, such provision shall be deemed also to relate to any nominee of the Trustee. The Trustee shall be entitled to procure:

- (i) the Trustee; or

- (ii) any officer of the Trustee jointly with the Trustee; or
- (iii) any agent or nominee appointed by the Trustee; or
- (iv) any such agent or nominee and the Trustee; or
- (v) any custodian, co-custodian or sub-custodian (or in each case its nominee) appointed pursuant to this Clause; or
- (vi) any company operating a recognised clearing system (including its nominee) in respect of the Investments involved; or
- (vii) any broker, financial institution or other person (or in each case its nominee, its custodian or its custodian's nominee) with whom the sum is deposited in order to satisfy any requirement to deposit margin or security,

to take delivery of and retain and/or be registered as proprietor of any Investments or other property held upon the trusts of the Deed. Without prejudice to Clause 23.1 of the Deed, the Trustee may from time to time appoint such person or persons (including any associate of the Trustee) as it thinks fit as custodian or joint custodian of the whole of or any part of the Assets of the Fund and may empower any such custodian or joint custodian to appoint, with the prior consent in writing of the Trustee, a sub-custodian. The fees and expenses of any such custodian, joint custodian or sub-custodian shall be paid out of the Assets of the Fund.

- (c) Notwithstanding anything in the Deed, the following provisions shall apply:
- (i) the Trustee shall not incur any liability in respect of or be responsible for losses incurred through the insolvency of or any act or omission of any depository or clearing system with which Authorised Investments may be deposited or any broker, financial institution or other person with whom Authorised Investments are deposited in order to satisfy any margin requirement (each a “**Depository**”), except where (i) the Trustee is responsible for procuring the Depository and the Trustee has failed to exercise reasonable skill and care in the procurement of such Depository in respect of the Authorised Investments involved or (ii) the Trustee is in wilful default;
 - (ii) the Trustee shall not incur any liability in respect of or be responsible for losses incurred through the insolvency of or any act or omission of any nominee, custodian, joint custodian or sub-custodian appointed by the Trustee except where (i) the Trustee has failed to exercise reasonable skill and care in the selection, appointment and monitoring of such appointee (having regard to the market in which the relevant appointee is located) or (ii) the Trustee is in wilful default; and
 - (iii) the Trustee shall not incur any liability in respect of or be responsible for losses incurred through the insolvency of or any act or omission of any sub-custodian not appointed by it, except where the Trustee has failed to exercise reasonable skill and care in the procurement of such sub-custodian.

21.4 Saving clause as to indemnities

Any indemnity expressly given to the Trustee and/or the Managers in the Deed is in addition to and without prejudice to any indemnity allowed by law provided nevertheless that nothing in any of the provisions of the Deed shall in any case in which the Trustee and/or the Managers, as the case may be, have failed to show the degree of diligence and care required of them by the provisions of the Deed exempt them from or indemnify them against any liability for breach of trust or any liability which by virtue of any rule of law would otherwise attach to them in respect of any negligence, default, breach of duty or trust of which they may be guilty in relation to their duties.

21.5 Termination of the Fund

Below is a summary of the circumstances in which the Fund may be terminated:

- (a) The Fund may be terminated by the Trustee by notice in writing as hereinafter provided in any of the following events namely:
 - (i) if the Managers go into liquidation (other than voluntary liquidation for the purpose of reconstruction or amalgamation upon terms previously approved in writing by the Trustee) or if a receiver or a
