About the UOB APAC Green REIT ETF

Asia Pacific continues to lead the world in economic growth, with real estate as a key sector. With the increasing demand for sustainable buildings and practices, there is an expected increase in rents and capital gains for green buildings. This gives rise to a unique investment opportunity.

The UOB APAC Green REIT ETF (the “Fund”) is the world’s first APAC Green Real Estate Investment Trusts (REITs) ETF. The Fund aims to replicate the iEdge-UOB APAC Yield Focus Green REIT Index (the “Index”).

Developed by SGX as part of the SGX iEdge product suite, in collaboration with UOBAM, the index covers 50 higher-yielding REITs listed across the region that display relatively better environmental performance based on GRESB’s real estate assessment, and also meet the minimum liquidity requirements.¹

GRESB is the global leader for Environmental, Social and Governance (ESG) research of real assets, covering over 1,500 property companies, REITS, funds and developers with US\$5.7 trillion in assets under management. For this index, the underlying REITs are weighted by their relative environmental performance using GRESB data for indicators such as energy and water consumption, greenhouse gas emissions and green building certifications, in addition to their ESG performance.¹

Delivering Purpose - Green Impact Measurement[#]

Scope 1 & 2 Greenhouse Gas Emissions (tCO₂e)

Non-Green APAC REIT Index	UOB APAC Green REIT ETF	Improvement
124,254	119,267	4%

Scope 1 Greenhouse Gas emissions are direct emissions from sources that are owned or controlled by the organisation.

Scope 2 Greenhouse Gas emissions are indirect emissions from purchased electricity, heat, steam or cooling consumed by the company but generated elsewhere.

A 4% improvement in GRESB Performance Score indicates that the UOB APAC Green REIT ETF invests in REITs that have better sustainability performance and management practices to reduce carbon emissions arising from operations.

Energy Consumed (MWh)

Non-Green APAC REIT Index	UOB APAC Green REIT ETF	Improvement
219,589	212,738	3%

3% improvement in Energy Consumption indicates the energy conservation measures that Green REITs have employed in their operations and this is critical since a significant amount of carbon emissions are derived from operations in REITs.

Water Consumed (m³)

Non-Green APAC REIT Index	UOB APAC Green REIT ETF	Improvement
1,309,487	1,224,062	7%

7% improvement in water consumption indicates clear water conservation strategies and programmes for portfolio of buildings in Green REITs.

Green Building Certification (%)

Green Building Certification	Non-Green APAC REIT Index	UOB APAC Green REIT ETF	Improvement
DCR	7	9	18%
OPS	44	49	11%

UOB APAC Green REIT ETF has a higher percentage of certified green buildings measured by the percentage of floor area covered by a valid green building certification obtained at the time of design, construction, and/or renovation (DCR) and by a valid operational green building certification (OPS).

[#]Data shown here is based on analysis done by UOBAM using GRESB data as at 31 August 2021. The Non-Green APAC REIT Index is based on the same components as the iEdge-UOB APAC Yield Focus Green REIT Index, however it is not weighted based on the green-tilting methodology.

UOBAM Heritage

UOBAM is a multiple award-winning Asian asset manager with S\$32.4 billion of assets under management. Established as a wholly-owned subsidiary of UOB in 1986 and headquartered in Singapore, it has grown into a regional powerhouse with a presence in nine markets across Asia. Its experienced team of more than 90 investment professionals have been providing clients with innovative investment solutions in fixed income, equities and multi-asset, integrating traditional and alternative capabilities. We are also deeply committed to promoting ESG by embedding it directly into our DNA, processes and operations. We have introduced a sustainable investing policy as part of our investment framework. As an active asset manager, UOBAM believes that it has a fiduciary duty to allocate capital into more sustainable investments and be active owners of our investments. As a signatory to the United Nations Principles for Responsible Investment (PRI), we are committed to adopting and implementing the principles and reporting on our progress towards their implementation. To enable this outcome, UOBAM has made sustainability a key strategic pillar of the firm which helps to drive our commitment and purpose towards creating value for our investors and communities, as well as helping them achieve their sustainable investment goals and aspirations.

This document is for general information only. It does not constitute an offer or solicitation to deal in units ("Units") in the UOB APAC Green REIT ETF (the "Fund") or investment advice or recommendation and was prepared without regard to the specific objectives, financial situation or needs of any particular person who may receive it. The information contained in this document, including any data, projections and underlying assumptions, are based upon certain assumptions, management forecasts and analysis of information available and reflects prevailing conditions and the views of UOB Asset Management Ltd ("UOBAM") as of the date of this document, all of which are subject to change at any time without notice. In preparing this document, UOBAM has relied upon and assumed, without independent verification, the accuracy and completeness of all information available from public sources or which was otherwise reviewed by UOBAM. While the information provided herein is believed to be reliable, UOBAM makes no representation or warranty whether express or implied, and accepts no responsibility or liability for its completeness or accuracy. Nothing in this document shall, under any circumstances constitute a continuing representation or give rise to any implication that there has not been or there will not be any change affecting the Fund. No representation or promise as to the performance of the Fund or the return on your investment is made. **Past performance of the Fund or UOBAM and any past performance or prediction, projection or forecast of the economic trends or securities market are not necessarily indicative of the future or likely performance of the Fund or UOBAM.** The value of Units and the income from them, if any, may fall as well as rise, and is likely to have high volatility due to the investment policies and/or portfolio management techniques employed by the Fund. Investments in Units involve risks, including the possible loss of the principal amount invested, and are not obligations of, deposits in, or guaranteed or insured by United Overseas Bank Limited ("UOB"), UOBAM, or any of their subsidiary, associate or affiliate ("UOB Group") or distributors of the Fund. The Fund may use or invest in financial derivative instruments and you should be aware of the risks associated with investments in financial derivative instruments which are described in the Fund's prospectus. The UOB Group may have interests in the Units and may also perform or seek to perform brokering and other investment or securities-related services for the Fund. Investors should note that the Fund is not like a conventional unit trust in that an investor cannot redeem his Units directly with UOBAM and can only do so through the participating dealers, either directly or through a stockbroker if his redemption amount satisfies a prescribed minimum that will be comparatively larger than that required for redemptions of units in a conventional unit trust. The list of participating dealers can be found at www.uobam.com.sg. An investor may therefore only be able to realise the value of his Units by selling the Units on the Singapore Exchange Limited ("SGX"). Investors should also note that any listing and quotation of Units on the SGX does not guarantee a liquid market for the Units. An investment in unit trusts is subject to investment risks and foreign exchange risks, including the possible loss of the principal amount invested. Investors should read the Fund's prospectus, which is available and may be obtained from UOBAM or any of its appointed agents or distributors, before deciding whether to subscribe for or purchase any Units. **You may wish to seek advice from a financial adviser before making a commitment to invest in any Units, and in the event that you choose not to do so, you should consider carefully whether the Fund is suitable for you.** The Fund is not in any way sponsored, endorsed, sold or promoted by and/or its affiliates and SGX and/or its affiliates make no warranty or representation whatsoever, expressly or impliedly, either as to the results to be obtained from the use of the iEdge-UOB APAC Yield Focus Green REIT Index (the "Index") and/or the figure at which the Index stands at any particular time on any particular day or otherwise.
